

# BANDIT GETS \$1,000 AT KIMBERLY BANK

## Government Forces Victorious In Clash With Mexican Rebels

General Enrique Estrada Defeated In Battle At Ocotlan, Jalisco

OBREGON AWAITS VICTORY

Insurrecto Captain Deserts To Loyalists With Troops And Cash

By Associated Press

Juarez, Mexico—Mexican federal forces were victorious in their first clash with the rebels under General Enrique Estrada at Ocotlan, Jalisco, Thursday, according to official reports received here. With the routing of the irregulars the rebels said, one of Estrada's captains deserted his leader, and joined the federalists, bringing with him 160 men and 125,000 pesos in money.

The rapidly with which the troops of the Obregon government moved from Tlalpato to the scene of the battle, a distance of 160 kilometers, was said to indicate they were traveling by railway. The clash occurred only 80 kilometers from Guadalajara, capital of Jalisco, where General Estrada has his headquarters and which advance was said by delayed Tlalpato reports to have been begun Wednesday by federal forces.

VICTORY IS CERTAIN

"In my judgment there can be little doubt of the early and successful issue of the campaign," President Obregon telegraphed the El Paso (Texas) Times "from Guadalupe, Chihuahua."

"Traitors have not a chance to control the government of Mexico to day," he said, declaring "that the movements headed by General Estrada and Sanchez were not of sufficient importance to be designated as a 'revolution'."

Mayor Elect Miguel Elindaco of Matamoros has been taken to Mexico City under federal guard while other political prisoners at Matamoros, held since they went under martial law last Friday, were released but required to remain in the city.

General Eduardo Garcia, former commander of fiscal guards of Sonora, had left Magdalena, Sonora, under orders of the central government to take command of the garrison at San Luis Potosi. It was officially announced at Nogales, Ariz.

**CAL FAVORS BIG BUSINESS, BOB SEES IN SPEECH**

"Nothing in Message To Offend Most Sensitive Magnate," LaFollette Says

By Associated Press

Madison—President Coolidge's first message to congress was declared to be an "anti-concorde and frank presentation of the standpoint of the theory of government," in a statement by United States Senator Robert M. LaFollette, made public here Friday. There is nothing in the message that will offend the "most sensitive of the big business interests," the statement said.

"It is to be congratulated to champion the interests of the railroad, the profiteers, the coal magnates and our other overlords against the mass of the people," the Wisconsin senator declared. "It must be conceded that the president has earned the tributes to his courage so warmly accorded by many of the newspapers of the country."

There is little in the message that will satisfy the mass of the American people," Mr. LaFollette stated the presidential recommendation in respect to agriculture in effect, "tells the farmer to help himself and to pull himself out of the difficulties into which the 'deflation' policy, the Esch-Cummins law and other acts of the federal government have thrown him."

"The president has elected to cast his lot with the reactionaries of his own party who have been repudiated by the country, and to promote the welfare of those predatory special interests which have thrived for a generation upon favors and subsidies exacted from the federal government," Senator LaFollette concluded.

**BRITONS SEEK U. S. FLIER IN CHANNEL**

By Associated Press

Hastings, Eng.—Coast guardsmen Friday morning were continuing their search for Lawrence B. Sperry, the American aviator whose airplane was found in the English channel three miles off Rye Thursday.

Detective Inspector Milton, who was shooting game on the coast near the place where Sperry flew seaward, says that the aviator's engine was running badly just before the plane disappeared from view. Sperry, according to Milton, circled at a low altitude apparently seeking a suitable landing place, but finally decided to venture seaward.

**BANDIT'S BIND AND GAG PAYMASTER; GET \$15,786**

Philadelphia—Two bandits Friday bound and gagged the paymaster of the Philadelphia and Son Co., building in the office of the concern and fled with \$15,786 which he was placing in envelopes to pay the employees.

**INDIANS WILL SUE U. S. IN LAND DEAL**

By Associated Press

Bartlesville, Okla.—The Delaware and Cherokee Indian tribes of Oklahoma soon will file suits against the federal government for the recovery of more than \$24,000,000 which they claim is due them on deals involving their lands, members of both tribes declared after a meeting here Thursday. A claim for \$20,000,000 will be based on the so-called Freedman claims, the Indians announce, relating to the allotment of Indian lands to Negro slaves at the close of the Civil War. Details of the case were not divulged.

**\$300,000 BLAZE STARTED BY GRAIN ELEVATOR BLAST**

By Associated Press

Milwaukee—Fire originating in the Kneiser Brothers Co. grain elevator here Thursday night caused a loss to that plant and adjacent building of approximately \$300,000, according to estimates made Friday.

The fire which gutted the elevator and caused water damage to the Kellogg Seed Co., Phil Orth Co., J. H. Murphy Seed Co., and the Wisconsin Cold Storage Co., followed an explosion shortly before midnight.

**Keep on Telling 'Em and you keep on Selling 'Em**

## Conservatives Join Forces In Attempt To Block Radical Moves

**FOND DU LAC MEN SUSPECTED OF POSTAL THEFTS**

Police Capture Trio Thought To Be Authors Of Recent Robberies

By Associated Press

Fond du Lac—Postoffice inspectors, assisted by local police are endeavoring to connect three men arrested in a raid Thursday night with a series of post office robberies in this vicinity during the past month.

The men under arrest are James White, Frank Ward, and Tom Murray, believed by the police to be the man who robbed the Campbellsville postoffice Wednesday morning. Matt Burns and his wife, at whose home the three men were taken, are also held for investigation.

The arrest followed a tip received by the police late Thursday night, which caused Chief of Police Silgen to order Burns' home surrounded. Seven patrolmen guarded the house while the police chief with three plainclothes men entered.

Ward and Murray did not resist arrest, but White engaged the chief in a hard fight before he would submit to arrest. No shots were fired, according to the police.

**NORTHWESTERN SEEKS TO EVADE EXPENSE FOR ROAD**

Madison—Appeal from a decision of the state railroad commission ordering the Northwestern railroad to pay \$1,000 as its share of expense in improving state Highway 15 between Marinette and Peshigo, was filed in circuit court here Friday by the railroad.

By Associated Press

Berlin—One of the numerous legislative requests by the German government by the Hittler policy of passive resistance now presents itself to the Marx cabinet in the form of one hundred eighty million trillion of marks in emergency currency, most of which is of doubtful ancestry, or now wholly orphaned. The Reichsbank declines to assume responsibility for it.

**FOUR KILLED, THREE HURT WHEN AUTO HITS BOBSLED**

By Associated Press

Boulder, Colo.—Four were killed and three injured Thursday night when an automobile crashed into a bobsled loaded with University of Colorado students which was speeding over the slippery road four miles east of Boulder hooked on behind another automobile.

**Rap Hubby Of Isadora**

Moscow—A court composed of Moscow's literati has tried Sergei Yesselnin, husband of Isadora Duncan, and three companion poets on charges growing out of alleged anti-Semitic utterances. The court censured the writers, but decided to permit them to continue work in Moscow. The trial was attended by scores of long-haired male poets and short-haired female poets.

## Unmasked Man Points Gun at Cashier, Grabs Money, Gets Away

**ARRANGE MEETING FOR ROYAL BALKAN COUPLE**

By Associated Press

Bucharest—The newspapers report that a meeting is likely to be arranged in Paris soon between King Boris of Bulgaria and Princess Elena, third daughter of Queen Marie of Romania. An engagement, the press says, is expected to result.

**BOY'S HEART PIERCED BY FALLING SCISSORS**

By Associated Press

Sheboygan—While the parents were away doing Christmas shopping, James Hannahan, aged 9, knocked the scissors from the table and in falling they pierced his heart. Brothers, aged 11 and 6 were left at the farm home with him during the parents' absence.

Counter Change Scooped Into Bandit's Pocket Shortly Before Noon Today

ESCAPES IN AUTOMOBILE

Bandit Starts Toward Appleton But Police Are Unable To Find Trail

An unmasked bandit, poking a gun through the cage window, held up I. G. Clark, cashier of the Kimberly State bank at Kimberly about 11:30 Friday morning and escaped in a waiting automobile with the bank's working change, probably between \$900 and \$1,000. The exact loss will not be known until the bank checks up at the close of business on Friday. The loss is entirely covered by insurance. The bandit did not attempt to get into the cashier's cage and he backed out the door with the money after he ordered Clark and his assistant cashier, Miss Katherine G. Stuyvenberg, to throw themselves on the floor.

Clark leaped to his feet when the bandit was out of the door and saw the automobile start toward Appleton but Appleton police officers and the sheriff were unable to find it. They saw tracks apparently made by a speeding automobile leading from the Kimberly into Darby and it is probable the robber turned into the side roads. No one was found who saw a car which answered the description of the bandit's machine.

## Slow Response To Appeal Of Needy To Good Fellows

**S**HIVERING children in tattered rags got a taste of what is in store for them in the next three or four months when the thermometer dropped to about 20 degrees above zero on Thursday. These youngsters, without underclothing, without overcoats, with what they do wear in rags, are the ones who will benefit from the bounty of Appleton's Good Fellows.

The response to their appeal has been disappointing thus far. In spite of the \$50 donation by the Elks club, the total sum collected still is far from \$100 and the five cooperating relief organizations say at least \$1,500 will be required if all the needy are to be given a little for Christmas.

It would be a calamity if a single family or a single child is neglected when the distribution of Christmas happiness is made. These children, not responsible for their destitute condition, have a birthright of happiness and childish joy and it is the privilege of Appleton's men and women to give them at least a little gleam of happiness in their sordid existence.

Only a little more than a week remains in which to secure the money required for this most worthy cause. There must be a great increase in interest in our unfortunates if the goal is to be reached.

Every man, woman and child in Appleton is invited to be a Good Fellow. The method is easy. Turn to page 2 of today's paper, clip out the coupon, write in your name and address, and send it with your contribution to the Good Fellows Club Editor of the Post-Crescent. Your heart will tell you how much you should enclose with the coupon.

Every penny you send in will be used to help someone else happy. The Good Fellow club asks you an opportunity to share your happiness with those who hardly know what the word means.

**FORD BUYS BOATS AS ORE CARRIERS**

Purchase Is In Line With Policy Of Making Business Independent

Duluth—News of the purchase by the Henry Ford Motor Co. of two lake freighters from the G. A. Tomlinson Co. Cleveland, emanated from authoritative sources here Thursday. These boats, both of which are practically 600 footers, added to vessels to which the Ford Co. is having built will give the Detroit automobile organization an ore carrying capacity of a million tons a season.

The boats under construction are expected to be ready for service in the spring. Under the terms of the contract by which the Tomlinson interests sell to Ford the James Davidson and the L. M. Bowers, delivery is set to take place between now and the first of the year.

Announcement of the consideration in the deal was withheld. The ships will be used to carry iron ore to Ford's smelters for eventual use in his automobile forces. Purchase of the boats was said to be in line with Ford's announced program of expanding his organization to provide himself with all raw products by owning the sources of supply, thereby making his plants independent.

**COOLIDGE FAVORS GERMAN AID PLANS**

Senator Lenroot Writes Judge Backus President In Sympathy With Move

By Associated Press

Washington—President Coolidge not only favors the pending efforts to make possible the flotation by Germany of an international loan to provide for the purchase of foodstuffs but desires to encourage attempts of private charity in the United States to relieve the situation of the German people.

The president conferred twice Thursday with Senator Lenroot on Wisconsin on the question of German relief, and also is understood to have discussed the situation with Secretary Hoover. Afterwards Senator Lenroot sent a telegram to A. C. Backus of Milwaukee, chairman of the committee in charge of German relief campaign in Wisconsin in which he stated that Mr. Coolidge at a recent conference with newspapermen has expressed his opinion that it was "very desirable that the private charity that is being organized should go on."

**FURLOUGHED CONVICT HELD FOR NEW ROBBERY**

Fresno, Calif.—Claude Ray Kohl, 37, who said he was in Fresno on a six months leave of absence from the California state penitentiary granted by J. C. Walton, deposed governor, was captured by two police here Thursday night 25 minutes after he is alleged to have held up and robbed Arthur P. Sheppard and family as they sat at dinner. Kohl, police say, rang the doorbell of the Sheppard home, thrust a revolver into Sheppard's face and robbed the family of 76 cents.

**SCHOOLS WILL AID IN SEEKING WOMAN**

By Associated Press

Superior—No further trace of Mrs. Harry Miles, 614 West Fourth st., who has been missing from her home since 3:30 A. M. Sunday, was found by the police, deputy sheriffs, Wisconsin National Guards, or Superior citizens despite a thorough search that was continued Thursday. A E. Buchanan, chief of police, announced Thursday night that he would request that Miss Grace Geary, superintendent of schools call for volunteers from the higher grades to aid in an intensive search to be made Saturday. Miss Geary declared that she favors the plan and will put it into effect if called upon to do so. J. H. Kreher, Superior Boy Scout executive, announced Thursday night that he would be glad to offer the aid of the organization for the Saturday search.

**CHILD FALLS IN OVEN IN MOTHER'S ABSENCE**

Jamesville—Left by his mother in a high chair near the kitchen stove while she went out to do some chores, Mrs. Ernest Kopt, of Magnolia Corners, found the child in the oven of the stove when she returned. The child had slid from the chair and was badly burned and may die.

# MAIL SERVICE TOO SLOW SINCE TRAINS WERE TAKEN OFF

## Three Cities Testify At New London Hearing On Effect Of Curtailed Service

Delays in delivery mail to Clintonville, Marion and Tipton and lack of satisfactory connection with trains to Milwaukee and Chicago were among the chief arguments advanced at the public hearing conducted at the city hall at New London Friday morning by the Wisconsin railroad commission on protests against removal of trains Nos. 167 and 168 of the Ashland division of the Chicago and Northwestern railroad.

Hugh G. Corbett, secretary of the chamber of commerce, was among those who represented Appleton at the hearing and had with him letters from a number of local people who desired better service on this division and an early morning train to Milwaukee and Chicago.

### 75 AT HEARING

There were about 75 people at the hearing and included representatives from Marion, Clintonville, Hortonville, Tipton, Appleton, Oshkosh and New London. The railroad company was represented by a group of officials, G. B. Vilas, general superintendent, John Ferguson, assistant to the traffic manager, A. F. Balch, stationmaster, R. N. VanDoren, counsel and former city attorney of New London, H. C. Cheney, division traffic agent, and John Leppa, Ashland division superintendent. S. S. Bryer acted as examiner for the railroad commission.

Only New London, Clintonville, Marion and Tipton were heard at the morning session and others and the railroad company were to be heard in the afternoon.

G. H. Putnam, city attorney of New London, spoke for his city's representatives and declared that the people wanted either these two trains restored, or two others on a satisfactory schedule. New London, he said, would like a southbound train at night to connect with the through trains from Appleton to Milwaukee and Chicago, and a morning train to connect like wise without delay. The principal need was a more convenient service to Milwaukee, he said.

**MAIL TOO SLOW**  
O. L. Olen of Clintonville, district attorney of Waupaca co., speaking for his city said that the curtailment of service was a marked inconvenience.

# MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two of Bisurated Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Bisurated Magnesia never dread the approach of meal time because they know this wonderful antacid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and without the slightest pain or discomfort. Try this plan yourself but be certain to get pure Bisurated Magnesia especially prepared for stomach use.

# How Much Should We Pay For Milk.

Milk furnishes practically one-fifth of the food consumed by the American people and it is accordingly important that this food be purchased wisely. The fat in normal milk represents about one-half of its energy value, the other half being furnished by the casein, albumen and sugar.

The amount of fat in milk can be readily estimated by noticing the amount of cream and it can be easily and accurately determined by the Babcock test. While it is not so easy to measure the amount of solids not fat the amount present in normal milk is in fairly constant proportion to the amount of fat.

The proportion of fat in the milk of a cow is but little influenced by the character of her food, but is largely determined by her breeding. The average fat content of milk from the common dairy breeds is about as follows:

- Holstein 3.43 per cent fat
- Ayrshire 3.93 per cent fat
- Guernsey 5.03 per cent fat
- Jersey 5.39 per cent fat

There is no single way to measure all angles of food value but one is to consider the energy value of foods. It is not fair to stress the comparative energy value of such dissimilar foods a corn meal and milk. However, when comparing one normal milk with another the energy value or their fat content is an entirely fair basis of comparison of their food value.

## COUNTY WILL HELP PROVIDE FOOD FOR HUNGRY CHILDREN

Citizens Committee Indorses  
Campaign For Relief In  
Germany

Indorsement was given a citizens committee meeting in the chamber of commerce Thursday afternoon to the nationwide campaign for relief of starving children in Germany and preparations will be made at once to raise money in Appleton for that cause. A committee to take charge of the work is to be appointed at once. There was unanimity of opinion that Appleton must help relieve the suffering of the German children. It is said there are more than 7,000,000 youngsters on the verge of starvation in the country and that the distress is becoming more acute every day.

Arrangements probably will be made to have the banks act as collection agencies in the campaign. Persons who wish to contribute to the fund will be asked to make their donations at the banks.

The campaign is to be county-wide in scope so that everyone will have an opportunity to contribute. Clergymen will be asked to announce the campaign from their pulpits and assist in other ways in raising the money.

## AWAIT COLD WEATHER TO FLOOD ICE RINKS

The sudden cold snap of the last two days has inspired a number of skating enthusiasts, in school and out, with an intense longing to put on their skates and glide about on the mirrored ice.

If the cold wave continues, the skating rinks in the various wards will soon be put into condition. With prolonged cold weather assured, the rinks will first be sprinkled to provide a foundation for the flooding a day or two later.

All rinks in the city were put in condition for flooding a few weeks ago, by scraping, grading and removal of weeds. The work was done by employees of the street department. Rinks are located as follows: First ward school; Fourth ward school; Jones park; west end junior high school triangle at State and College-ave; Spencer and Outagamie streets in the Third ward. The Sixth ward has no improved rink, but one is usually improvised with snow banks. The future Sixth ward rink probably will be in Erb park.

## TREASURER UNDER HEAVY BONDS WHILE HE COLLECTS TAXES

Few men in Appleton, if any besides Fred Bachman, city treasurer, are weighted down with over a half million dollars in bonds. The city treasurer on Friday furnished bonds in the sum of \$427,325.06 to protect the county in the collection of over \$200,000 in county taxes in Appleton. The amount of bonds represents twice the amount of money to be collected for the county. In addition to these bonds, Mr. Bachman also carries \$100,000 in bonds for the city of Appleton.

## Honor Roll Of Good Fellows

Here, Good Fellows, are the names of men and women who have rallied to the call of Appleton's distressed. The names printed here are of Good Fellows—those who have made their contribution to Christmas happiness for the unfortunate. Clip out the coupon on page 2 of today's paper and send it with your remittance to the Good Fellows Club editor of the Post-Crescent so that your name may be added to these honored citizens.

## GREEN BAY TEACHERS VISIT SCHOOLS HERE

Appleton graded schools put on their best manners Friday for the visit of a delegation of Green Bay school teachers. A large number of teachers from that city had planned to visit the First ward and Lincoln schools particularly. The entire teaching staff of one graded school of Green Bay was included in the delegation.

## OVERHEATED CHIMNEY CAUSES DOWNTOWN FIRE

Another chimney fire summoned the Appleton fire department Friday. An overheated chimney in the partition between the walls of Langstadt-Meyer company's store and James McKerny and company tailor shop on College-ave caused a small fire on the wall of the latter establishment at about 1 o'clock Thursday. The damage was not serious, however.

Spanferkel Lunch Saturday Night, Joe Jones, 555 Walnut Street.

## Flashes Out Of The Air

### FRIDAY'S PROGRAM

## MORE BRUNSWICKS

Two months ago we received a full carload of Brunswicks, which, with about 100 Brunswicks already in stock,—we figured would take care of our trade until about Feb. 1st.

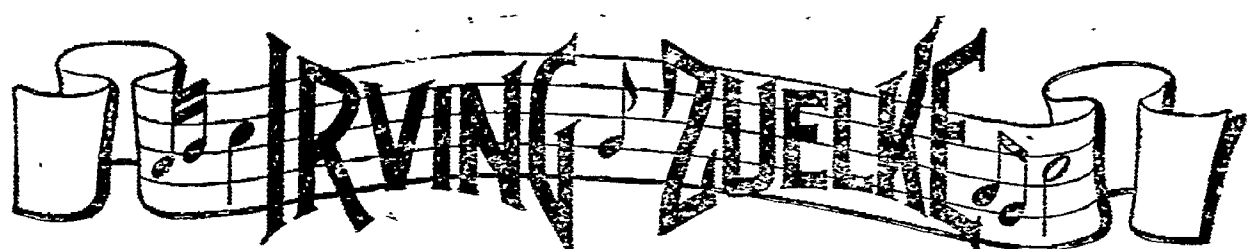

However, a few days ago we took inventory and found that we were actually oversold on some models.

We immediately wrote for another carload but could get only 55 which are now on the way.

Call and select your Christmas Brunswick now.

MORE BRUNSWICKS ARE BEING SOLD IN  
APPLETON THAN ANY OTHER MAKE.

The Brunswick plays all records without Metallic Harshness and are leaders in Console designs, and it is to your advantage and pleasure to own a Brunswick.

\$5 Down and \$5 per Month

## JERSILD Gift Week

Free Style Book  
Shows latest knitted  
outerwear styles. Beau-  
tifully colored—a valu-  
able book for everyone.  
Send your name, ad-  
dress and your dealer's  
name to the  
Jersild Knitting Co.,  
Neenah, Wis.

BEGINNING on Saturday, December 15, and for one week your dealer will make a special demonstration of Jersild Sweaters including the popular Pinkerton Knitted Coats. A number of special values in models particularly suited for Holiday buying will be featured.

By all means see this display. Ask your dealer to show you the Pinkerton "10 points." You will quickly see why the Pinkerton gives you more value for your money than you can get in any other knitted coat.

No article in a man's wardrobe is ever welcomed more gladly or used more often than a Pinkerton. Made in lovely soft heather shades. Many styles in all sizes—for men and boys. And priced all in your favor. Look for the name Jersild or Pinkerton woven in the label. The true sign of the genuine and your guarantee of honest value. Go to your dealer on the best day—Saturday!

At All Leading Dealers

JERSILD KNITTING COMPANY

## Santa Is King At Toyland

Maybe you'd like a wooly bear that growls when you squeeze him hard. Or a real train that works by itself. Or a battleship that sails over the water in the tub. Or a lovely dolly with real hair, that says "Mama." Santa has them all, and if you're very good, perhaps you'll find them in your stocking on Christmas morning. Come to Toyland and tell Mother what you'd like.

### Doll Furniture

Doll Bed, oak finish, varnished and well made at 50c.

Doll Basinettes, white enameled, in two sizes at \$1.25 and \$1.55.

Outagamie County Nurse.  
City Health Nurse.

### WE WILL HELP EUROPE

The United States will participate in investigations which are to be made by the allies touching Germany's economic condition. While the investigation, it is understood, will not deal directly with reparations, it will have the effect of eventually facilitating an adjustment of this question and the restoration of German credit.

It is announced that the investigations in which American experts will take part are first to determine what must be done to balance Germany's budget and stabilize its currency, and second to investigate the export and sequestration of German capital in other countries. These two subjects will be investigated by separate committees. While it is stated that American participation will be unofficial, it perhaps would be better to say that it is semi-official. It is the government which has acquiesced in the proposal for American cooperation, and although the government may not appoint our representatives it is probable it will suggest the appointees. The formal statement of President Coolidge and the facts do not divest the step entirely of an official character.

The public has not been advised as to the conditions under which the investigations will be made, but the fact that they are satisfactory to Great Britain, France and Germany is significant of a change in some quarter, although just where and to what extent cannot be said at this time. The promising thing about the whole business is that the United States is to take a hand. We believe that all the nations concerned, including the world at large, have confidence in American impartiality, in the value of its judgment and in its desire to have justice done.

Of course, our irreconcilables disapprove. Hiram Johnson says it is another appeal to get us into the League of Nations, but Hiram is a candidate for president and must take issue with the administration on anything it does. His utterances, however, on foreign relations are going to extremes that make him ridiculous. We are satisfied the American people will fully endorse the step taken by the administration, in which there is no possibility of any harmful reaction to the United States no matter how far we stretch our imagination. If anything our government has been entirely too sensitive about giving its cooperation for the solution of economic troubles which are all but ruining Germany and imposing distressing burdens on all of Europe.

It is high time the administration treated these die-hards with the scant consideration they deserve. We need a positive, broad and determined foreign policy that will deal with international problems effectively and helpfully. The only courage such a policy requires is political courage, since the opposition to it is wholly political.

### RECOGNITION OF RUSSIA

We think Washington is due for a well-organized drive to force recognition by the United States of the soviet government of Russia. A number of our politicians and law makers visited Europe this year, and most of them made it a point to go to Russia. Some of these, while not going so far as to endorse bol-

shevik activities designed to advance this political theory in the United States, are nevertheless in sympathy with the present regime in Russia. We think they went there with a mind not fully open as to actual conditions. We think, furthermore, they were permitted by the Russian government to see only what would appear on the surface to be favorable.

The first step in this move for recognition will be directed toward the negotiation of a treaty of commerce. Once this is secured, these Russian sympathizers figure it will be comparatively easy to obtain political recognition. President Coolidge has announced himself in an address to congress as opposed to recognition so long as Russia fails to discharge her international obligations, to pay the just debts she contracted to this country and to give assurance of protection to our property rights there.

Quite aside from the nature of the government in Russia, these are requirements we would impose upon any government as a condition precedent to recognition. They are sound and right conditions, and unless they are fulfilled we are justified in declining to establish diplomatic relations. We should not compromise ourselves or deal with an irresponsible government out of sentiment, and much less to strengthen the character of political institutions we know exist in Russia. It would be a weak policy, indeed, which made such a sacrifice of principle merely to acquire doubtful commercial benefits.

### OUR ROAD MAINTENANCE

Counties in Wisconsin took over the maintenance of their roads on May 1, 1918. The state commissioner established nine divisions, each having about eight counties. A resident engineer is in charge of each division, under him a corps of assistants, who maintain, mark, and sign their territory, visit the patrolmen twice a month, and report each visit by card to the main office. In 1922 the commission at Madison received reports of 10,940 visits. Three members of the county board supervise road work, and a county highway commissioner is also elected to have charge of all road construction and maintenance work in his county.

The patrolmen enter into written contracts with the county and put up a \$500 bond as guarantee of service and good care of tools and machinery furnished by the county.

Wisconsin has both team patrol and motor truck or tractor patrol. For the team patrol the patrolmen furnish a team and wagon, and the county furnishes a light-blade grader, a road plane, a plow, a slip scraper, and other necessary small tools. On the motor patrols all equipment is furnished by the county. Sections cared for by team patrols average six and three-quarters mile, and the patrolmen work from April 1st to December 1st for \$140-\$165 per month. Between December 1st and April 1st patrolmen agree to work when requested, at a fixed price per hour. Motor truck and tractor patrols cost the counties on the average about \$110 per month each.

The Wisconsin system is the result of investigations which the commission carried on regarding satisfactory systems of road maintenance, and for practical methods of improving ordinary town roads which had heretofore been under the care of a township director with wide territory, limited time, and more limited money. Wisconsin's total mileage on all classes of highways is 78,000. When the county maintenance work was commenced, 255 miles were concrete, 1,775 miles stone macadam, 45,670 gravel, and 60,300 miles earth. Under the county maintenance system, each county owns much of its own road maintaining equipment, and enjoys better roads with less expenditure of time and money. Many improvements have been originated by township votes.

The maintenance system employed in Wisconsin is as good as any we have observed in other states. Some patrolmen do their work better than others, but that is not the fault of the method. On the whole, our roads are kept up in excellent shape, and as the maintenance charge on hard-surfaced highways is wiped out, it will be easier to maintain roads of other construction. All our construction of concrete highways reflects itself in the better upkeep of gravel and macadam roads. Wisconsin is in the front rank of good roads states and its policy should be to keep itself there.

Maybe Henry Ford is running for president under another name.

## Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician And Author  
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest will be answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

### BEFORE A MAN MARRIES

"A man in his early forties is calling on me," writes an anxious reader, "and seems anxious to see me very often. I hear that there is insanity in his mother's family and that his mother was in an asylum and some of his cousins were insane and some other relations of his mother were mentally defective, but his father's family was all right. Would it be safe to marry this man? That is, would he be likely to go insane himself, or would children inherit a mental defect?"—M. E. G.

I get many letters from prospective brides who are disturbed by a similar anxiety, and nearly as many from potential bridegrooms with similar doubts. When a girl consents to be spliced with a man over 40 years old she ought to get a darned good bargain, and no mistake.

Now whatever the law or the customs may be at present, there is one thing certain, and that is the duty a prospective bridegroom owes the woman he means to wed. That duty demands that he shall present to her proper guardian or to the woman herself if she has no guardian, the certificate of a reputable physician which shows the man's marriageability. No man worth marrying can object to furnishing such a certificate—if a man hesitates about this, he is a very good man not to marry.

It may be contended that the prospective bride is equally bound to furnish the bridegroom some such certificate. I do not think so. I think that if a woman is desired as a wife or desirable, that is sufficient. There is the "double standard" of morals which in spite of all modern crusades, still seems good enough for most men; as long as his curious ideas prevail, no man is above suspicion and no man may consider himself too honorable to furnish the certificate of his fitness for marriage. A woman, thank God, is pure until proved guilty. A man, thanks to the "double standard," must bring some evidence besides his own word or reputation, and it doesn't matter a little bit who or what the man may be.

Hearsey, such as the correspondent refers to in her letter today, should not be given much weight in making a decision about marriage. It is as likely to mislead one way as another.

Certainly there are many men who are clean and fit to marry, whether they are 20, 30, 40 or older. But a man who is clean and fit will never for an instant hesitate about seeking the certificate of a reputable physician as a preliminary to an engagement to marry.

This is a wicked world and the wickedest and cruellest part of it is the suffering of wives and young mothers who have been permitted to marry unfit men, just because somebody neglected to attend to the small formality of the prospective bridegroom's health certificate.

### QUESTIONS AND ANSWERS

**Boric Acid Solution**  
I think you said some time ago that it is harmful to use boric acid solution for eye drops or an eye wash. Will you kindly repeat what you said or explain how it does harm.—R. H. O.

Answer—No: I really said that the solution has no known medicinal value and that it is used merely because it is a mild nonirritating or nonpoisonous antiseptic, in various acute inflammation or infections about the eyes. Saturated solution of boric acid (as much boric acid as boiled water will dissolve) is about equal in density with the tears, or a solution of a heaping teaspoonful of common salt in a pint of boiling water, and therefore is not so irritating as plain water would be to the eyes.

Is sauerkraut of any benefit in one's diet? If so, please explain in what way it does good.—M. T.

Answer—Sauerkraut is rich in calcium (lime) content; the average American urban dietary is poor in calcium. Sauerkraut serves about as well as milk, butter, milk, or any of the proprietary fermented milk products or the bacterial cultures for maintaining a thriving colony of lactic bacilli in the intestine. Lactic fermentation in the intestine is a wholesome or healthful process because it keeps the field unfavorable to the multiplication of the bacteria responsible for putrefactive decomposition. And most important of all, sauerkraut is darn good eating.

(Copyright, National Newspaper Service.)

### LOOKING BACKWARD

FRIDAY, DECEMBER 16, 1898

The public schools closed for the holiday recess of two weeks.

Mr. and Mrs. James Christensen of Neenah, who lived on a farm near Neenah, were killed the previous night by a passenger train.

The public library had over 4,000 volumes and was receiving gifts almost daily.

James Ryan was elected dictator of Forest City Lodge No. 392, Knights of Honor and N. E. Clark was elected vice dictator.

Friday was the last day of recitation at Lawrence college for the fall term.

George F. Arnold's horse ran away while tied in front of Fred Petersen's meat market. The tug to which he was attached was badly damaged.

Miss Edna Monahan and W. F. Wyman of Oshkosh were married Thursday by the Rev. James O'Malley.

Merchants expressed the opinion that Christmas shopping commenced later each season in spite of their efforts to induce patrons to shop early.

Ferdinand Kamps had a large painting on exhibition in one of the windows of C. S. Little & Co.'s store. It represented the burial of Christ.

One of the paper machines of the Wisconsin River Pulp & Paper company of Stevens Point was started up the previous Tuesday.

The Amphion brass band was to give its second annual ball at Concordia hall Friday evening Dec. 16.

Miss Alice Kutler, who had been seriously ill for several days was out of danger.

### TEN YEARS AGO

FRIDAY, DECEMBER 12, 1913

Dr. I. J. Herrick attended the poultry exhibit at Chicago.

A. F. Tuttle of the Tuttle Press company entertained a group of friends at dinner at his home on North-st.

Miss Nettie Artie of Milwaukee, formerly of Appleton, and the Rev. George Fox of Milwaukee were married a few days previous.

Mrs. N. J. Stewart, formerly Miss Flora Schmidt died the previous Thursday at a Green Bay sanitarium.

Charles Henrichs was to sell his livestock and farm implements at a public auction on his farm on the Hortonville road on Dec. 15.

The contract for the preparation of the plans for the new Y. M. C. A. building was awarded to Shattuck & Hussey of Chicago.

Primary election for the naming of one or two candidates for mayor was to be held on Tuesday, January 20.

Mrs. J. G. Goe of Shiocton was the guest of Appleton friends.

## SEEN, HEARD

and

## IMAGINED

---that's all there is to life

### LET'S MAKE MERRY (MAY)

Mary as a little flapper  
She didn't do so well  
But since Mary has bobbed her hair  
Now she looks like  
The Dickens!

### THE MAN WHO LETS SUCCESS TURN HIS HEAD WILL BE LOOKING BACKWARDS.

Sheiks, Heed This  
Our old friend Lizzy at the counter says, "Of course it's the Christmas spirit that counts, but that doesn't necessarily mean that she will be satisfied with a Christmas card."

### This Smoke Joke Actually Made Mike Laugh

"Got a cigar?"  
"No."  
"Got a cigar?"  
"No."  
"Got any smoking tobacco?"  
"No."  
"Well, gimme a match then. Guess I'll have to smoke one of my own."

Since Lemuel tipped off that one about the stenographer who tried "to hold a reporter until the boss came" every reporter who comes in late from his beat is under suspicion and half of the Appleton stenographers are jealous of the other half.

### Ain't He Smart!

Alderman looking at new cars for Chief McGilgan: "You say your car is different from the rest of them. In what way?"

Auto Salesman: "Well, there is no pig iron in the machine to squeak."

Aha: now we know where they got that siren on the old one.

Don't get discouraged. The civilized nations are those that owe more money than they can pay.

Mawruss sprung this one today. Maybe she's a grass widow because she just couldn't stand to live with a hayseed.

If hunters would shoot off something besides their mouth, says a farmer out in Center, the woods wouldn't be so full of rabbits.

### "He Who Enters Here" Leaves All Hops Behind.

"Shawano reminds me of the spider with his trap for the fly," said an autoist to us the other day. "As one approaches the city, he beholds a big sign with the word 'Welcome,' and right next to it is a cemetery. The cemetery is a big one for a place that size, so people must be taking advantage of this special advantage."

ROLLO.

## French Bewail Decline In Art Of Good Cookery

(From, in Revue des Deux Mondes.

Should not all Frenchmen have an interest in preserving the French art of cooking? Yet it seems that French cuisine is declining.

Even before the war we grew alarmed about the decline of culinary art in France. The Hundred Club began an energetic campaign in favor of old recipes and the traditional French art of cooking. The public authorities did not remain indifferent. Prizes are promised hotel keepers and restaurant managers. Now there is to be an exhibition of culinary art in Paris. Will these efforts be crowned by success? Can French cooking still be saved? The importance of the question is clear to every Frenchman.

The merit of old French cooking was its honesty. It utilized the products of each season—at the moment of their ripeness and freshness. It emphasized the real value of food and the aroma or taste proper to the material. Nowadays we are prouder of our artificial processes of raising plants. We have overcome the seasons. At any time of the year we can have any kind of fruit or vegetable on our tables. But what fruit! Marvelous looking, yet insipid! French cooking has become a trick, an art of disguising the natural.

The worst offenders are, of course, not the cooks but the eaters. Each society has the kind of cooking it deserves. A Frenchman tells of a sight that shocked him in America.

"I have seen in Wall Street millionaires with a lunch of corned beef with pickles and a sandwich. I pitied them."

Another factor is the decrease of home cooking. Once a meal in France took on the character of a rite. It was a reunion of the entire family around the dinner table. The meal was copious and slow. One drank wines of quality which they got now, and an abandoned rite, the family walk, followed the dinner.

Nowadays the dinner is a matter of no consequence or importance for madame. It is hastily prepared by her or by the cook an hour before monsieur comes home. Good-by, you good old recipes inherited by daughters from mothers and grandmothers! Good-by, you old-time family dinner! It is a fact that family ties disintegrate as the family dinner disappears.

### Modern Cities Rise In Japan

(From The Shanghai Weekly Review.)  
Despite being centers of high rank in importance, Yokohama and Tokyo were excellent examples of what cities in this day should not be. The streets were poorly laid out and constructed, with a few exceptions. The earthquake proved the inadequacy of the building construction in a volcanic area.

That shock-proof buildings can be built was demonstrated by the survival of the Imperial hotel, an edifice, to be sure, which was built with enormous waste of money and with almost an entire disregard of architectural harmony but still one which has defied the worst jolt of history. The

## Men are funny about neckwear--- That's why they like our Label.

There are lots of comedies in silks and parodies in patterns parading around at Xmas time—the trouble is there are not a lot of men who will wear them.

Yes—men are funny—when the pattern is—and while most men are good enough actors to say, "wonderful—it's just what I wanted"—if the design isn't right—the next Pullman Porter is in clover.

On Neckwear we are the authority for Appleton.  
4000 pieces of authentic Christmas Neckwear are in this display.

The Bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. How many bills are introduced and passed in the House of Representatives daily? E. T.

A. In the last Congress 15,609 bills were introduced in the House. Of these 931 became laws. There were 414 days in the four sessions making an average of 37 bills a day introduced and 24 passed; however, on the

## A POLITE GENTLEMAN TRYING TO DO SOME CHRISTMAS SHOPPING

1st day of this Congress 2,434 bills were introduced, on the 2nd 182, and on the 3rd, 300.

Q. Are Bibles being sent to Japan? D. S.

A. The American Bible Society says that more than 500,000 volumes of the Gospels printed in Japanese are being sent to Japan to supply the unusual needs caused by the recent earthquake. The printing plant at Tokyo, together with the Bible press in 25 languages and dialects, was destroyed.

Q. Can an inventor devise an improvement on a patented article and patent that improvement? J. H. F.

A. We wish to correct an answer we published to the effect that this could not be done. The patent office says that it makes no difference, so far as the rights to obtain a patent is concerned, whether the improvement is on what is patented or what is unpatented. In the first case, the right of the patentee to use his patent improvement will depend upon whether its use is an infringement of the prior patent. In other words, a patent does not grant to the patentee the right to make, use, and sell, but merely the right to exclude others from making, using or selling what is covered by the patent, and if the inventor of an improvement would not have the right to use his invention because it would infringe an earlier patent he could not acquire the right so to use it by patenting it, but only by the expiration of the earlier patent.

Q. Does the Interstate Commerce Commission give medals for saving lives in railroad wrecks? M. B. G.

A. There is a special act of Congress known as the "Medals of Honor Act" under which medals are conferred upon individuals for rescue work on railroads.

Q. Does soluble coffee contain all the properties of coffee as usually ground and marketed? J. H. D.

A. Such a product is usually completely soluble in water and is a coffee extract concentrated four times. Accordingly, only about one quarter as much would be required in making a cup of coffee as would be necessary in other brands. On this basis, the usual content of caffeine and caffeic acid are said to be found, as in ordinary coffee.

Q. Why is there now a scarcity of canned sardines? V. W.

A. The sardine canners express themselves as extremely pessimistic in regard to the situation. This is the fourth year of scarce raw material and the worst of them. The cannery storehouses are empty and it is probable that many orders can not be filled. The varieties of fish used in the industry are not nearly so plentiful.

Q. Is there in England a lady Lord Mayor? T. H.

A. Miss Ethel M. Colman is the first woman to hold this office. She is Lord Mayor of Norwich.

## Amateurs Do Fine Work In False Friends

### Columbian Club Players Present Play In Excellent Fashion

Columbian club of St. Mary church did itself proud in amateur dramatics at Columbia hall on Thursday evening when it presented "False Friends." Every member of the cast did his part well and the work of the entire production was excellent, giving the audience two and a half hours of pleasant entertainment with a good business moral.

The story of the play is somewhat the same basically as "The Fool," that a man cannot live a Christlike life in the business world today. Ned Fowler, a young and square business man, admirably played by Lester Balliet, becomes entangled in a business venture with James Ward, a villain. This villain part was well taken by Harry Pink as was the part of his accomplice interpreted by Robert Joyce. George Hoffel made a splendid priest in the part of the Rev. John Courtney.

### LOTS OF LAUGHS

Character parts in the play were especially well done, but Maurice Deserndoom in the part of Alfred Wainright was responsible for more laughs than any other one character. He was a millionaire of the know-nothing English type and he was so true to type that the audience laughed at his very appearance before he had a chance to utter his lines. Splendid emotional acting was done by Gertrude Hamrill in the part of Nellie Walton. Her character was the most difficult to portray in the play and she did it well. Dan Courtney as her husband played a good interpretation of a "down and outer." His portrayal of a man too hungry to eat was unusually well done and his emotional acting was good throughout the play. Ramsay Ryan as "Little Tim" played the part of a crippled child in fine manner and completed this trio of players.

The women's parts in the play were not heavy but they were well done. Miss Jean King was the solicitous fiancée of Ned Fowler and Miss Eleanor Schneider was his aunt. Florence Keefe made an entertaining society girl, engaged to the millionaire. Wainright. Two small parts were taken especially well by Kathleen McCabe. The part which she did for the stenographer was one of the numerous incidents of the play.

Miss Rose Ellen McNevin, who directed the play, made a great success of the production. Considerable credit is due the Rev. A. Grill and John Van Dyke for their work on the exterior and interior sets of scenery.

### CHURCH SOCIETIES

Men of Memorial Presbyterian church will assume the part of carolers Friday evening when they meet for another basement party. The men are taking this means of repairing the church furnishings.

Intermediate department of First Congregational Sunday school has asked its members to bring gifts of clothing and toys with them next Sunday, which will be sent to Eagle River or good cheer work. A parish located here distributes the articles to needy people.

### WEDDINGS

John L. Woehler, son of Mr. and Mrs. J. E. Woehler, 506 Appleton-st., and Leona May Peterson, daughter of Mrs. Frank Peterson of Los Angeles, were married at Gardena, Calif., on Thanksgiving day. Both Mr. and Mrs. Woehler attended Lawrence college. Mr. Woehler is studying dental surgery in Los Angeles at present.

Jamie Henderson of Green Bay, spent Thursday in Appleton on business.

## Moose Women Arrange For Holiday Party

### Plans for the Christmas party to be given Dec. 20 by Women of Moose

Heart Lesson and the Loyal Order of Moose were completed at a meeting of the women's organization in Moose temple Thursday evening. The children are to put on a Christmas program, and the older people will take care of the Christmas tree plans. Mrs. Charles Herrick will have charge of the music. Mrs. Clyde Cavert will look after the program and the social committee is headed by Mrs. Willbur Hauert, who will be assisted by Mrs. Earl Bates, Mrs. A. Bauer, Mrs. Laura Wolf and Mrs. Rhinehard Wenzel. These committees are to work with committees appointed by the men's organization. It was also voted to send money to the Good Fellow club at the Thursday night meeting.

## Scouts Guests At Dinner And Party Tonight

Boy Scouts of the troop headed by Dr. G. W. Carlson will be guests at a dinner and party in the basement of First Methodist church at 639 Friday evening. Dr. and Mrs. A. E. Rector, H. G. Saecker and F. E. Saecker will be hosts to the youngsters.

A program of games and a Santa Claus has been arranged by Dr. Carlson. The boys will bring gifts which they will exchange with each other.

### LODGE NEWS

Konemic lodge will meet at 8 o'clock Monday evening in Odd Fellows hall. The third degree will be conferred upon several candidates and plans for Christmas will be completed.

Lady Eagles met Wednesday afternoon in Eagle hall. Schafkopf and bridge were played after the regular business meeting. Prizes at schafkopf were awarded to Mrs. Joseph Schneider, Mrs. A. Johnson and Mrs. Hart and at bridge to Mrs. Emil Court and Mrs. R. Eiben.

John F. Ross chapter, Order of DeMolay, met Thursday evening in Masonic hall. A Christmas party in which members of the Masonic order, Eastern Star and DeMolay will be given December 25 in Elk hall.

A Christmas party is to follow the regular business meeting of Royal Neighbors in South Masonic hall Monday evening. Games and stunts have been planned, and Miss Evelyn Briese will represent Santa Claus. Mrs. George Hogreiver has been placed in charge of the grab bag and Mrs. J. P. Gates will look after the refreshments.

### CARD PARTIES

Friendship-Pleasure club will entertain at an open card party to be given in Trades and Labor Council hall at 2:30 Sunday afternoon. Prizes are to be awarded at schafkopf.

**YOU DO NOT HAVE TO MAKE**  
*Washington's Coffee*  
**IT IS MADE**  
**JUST DISSOLVE IT AND DRINK IT.**

**AND OH, SO GOOD!**

### CLUB MEETINGS

Mrs. Gerald Scherke entertained the Thursday Bridge club at her home on Durkee st. Thursday afternoon. Prizes were awarded to Mrs. Joseph Kox and Mrs. Peter Widsten.

The Sunshine club met at the home of Mrs. J. G. Pfeil, 582 Eldorado st. Thursday afternoon. Mrs. C. J. Rockstrom, Mrs. J. Farnaway and Mrs. Charles Miller assisted Mrs. Pfeil as hostess. After the regular business meeting Mrs. Jane Beach read a Christmas story. This meeting was the last that will be held this year.

Franklin Social club will meet Friday night in the schoolhouse. An informal party is planned.

Mrs. Charles Selig entertained the Thursday club at her home 617 South River st. Thursday afternoon. Prizes at schafkopf were won by Mrs. O. Kaurth and Mrs. William Beson.

## Century Club Holding First Party Dec. 26

### Plans for the first dance of the newly organized Century club. The party will be held in Elk hall with music by Valley Country club orchestra.

Fifty Appleton men have been enrolled in the club since the organization aim to select that number out of a list of about 100. The identity of the promoters still is a secret and it is probable that no others will be elected for the time being. A committee arranges the parties and "Oscar," the name signed to the letters, notifies the members by mail.

A series of dancing parties will be given by the club during the winter, ending with a dinner-dance in the new roof garden of Hotel Appleton.

## Jap Christmas Party Held By Church Women

### A Japanese Christmas party was featured at the regular meeting of Women's Missionary society of Trinity English Lutheran church Thursday afternoon at the home of Mrs. Edward Parish, 775 Park st.

Mrs. Harry Cameron, Mrs. R. E. Burmeister, Mrs. Edward Parish and Mrs. F. L. Schreckenberg had charge of the mission topic, which was Japan. The Rev. F. L. Schreckenberg gave a brief talk on the country and customs of Japan.

At the business meeting the women

were divided into two groups, one called the bees and the other the ants. These two groups will select subscriptions to the church magazine, "The Lutheran," and will report their subscription list the first part of the new year, the winning group to be entertained at a party by the losers. Mrs. Gustave Tesch is chairman of the bees and Mrs. Schreckenberg has charge of the ants.

Mrs. Albert C. Roehl will entertain the society at the next meeting, the second Thursday in January.

### Pupils See Movie

"The Three Musketeers" is being shown in motion pictures at First district school Friday afternoon and evening. The school has owned a motion picture machine for some time and provides educational movies for the pupils.

## WISCONSIN TREASURY HAS BALANCE OF \$8,928,760

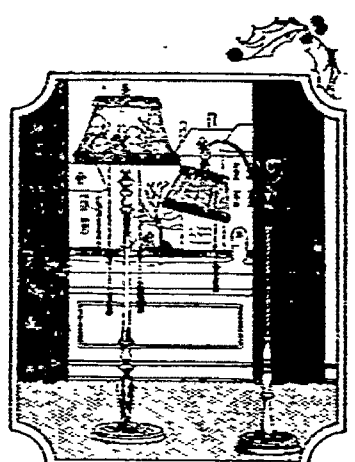

By Associated Press  
 Madison—Balance in the state treasury on Dec. 1, was \$8,928,760, of which \$6,473,415 was in the general revenue fund, according to the monthly financial statement issued Friday by State Treasurer Solomon Levitan. Mr. Levitan declared that the state treasury is in a healthy condition and indicated continued prosperity. The balance in all funds on Nov. 1, was \$11,206,503. The large reduction has been caused, he said, by the dropping off of tax receipts at the close of the year.

Day's News of Wisconsin and Outagamie County

CHEESE MACHINE IS INVENTED BY OTTO KIELSMEIER

Device Tried Out At Seymour May Revolutionize Factory Process

Seymour—A cheese manufacturing apparatus, invented by Otto A. Kielsmeier of the Seymour creamery, that may practically revolutionize the cheesemaking industry, has been patented by Mr. Kielsmeier in both United States and Canada.

Cutting labor connected with the manufacture of cheese to a minimum, the new machine, a model of which he has built at the local creamery, is exceedingly compact. It is readily opened, simple in design and may be cheaply made.

The new machine provides for the accurate control of temperature, pressure, acidity and moisture, permits the washing of the material whenever desirable, permits the whey to be readily withdrawn and keeps the particles of the material separate, thereby insuring proper treatment for all portions of the material.

The machine is by far the most satisfactory cheese making apparatus yet invented. It is entirely closed while the process of making cheese is going on, doing away thereby with all dangers which surround open vats and other obnoxious cheesemaking have had to contend with heretofore.

Mr. Kielsmeier has been working upon the apparatus for twenty years. A graduate of the dairy schools of both the Universities of Wisconsin and Minnesota, he acted as an instructor in the dairy school of Ohio State university for some time at which place he received valuable knowledge through other instructors, there, ideas which he has brought out in his machine.

The model which Mr. Kielsmeier has built at the Seymour creamery is a working model and with it he has manufactured several small batches of cheese. Experts in cheesemaking and manufacturing of cheesemaking devices have pronounced the new machine a success.

Mr. Kielsmeier has made no plans as yet for the manufacture of the machine, nor has he considered any proposals of manufacturers for the sale of his rights.

KAUKAUNA NEWS

Melvin Trams Telephone 329-J Kaukauna Representative

H. S. ATHLETICS MONOPOLIZE NEW CITY AUDITORIUM

Failure To Build Gymnasium At High School Felt By Entire City

Kaukauna—Lack of funds to finish the new Kaukauna high school by adding the proposed gymnasium and auditorium is already beginning to have its effect on the community at large. When it was found it would be impossible to build the desired portion of the new building, the city auditorium, property of the board of education, was granted for the exclusive use of the school. Outside organizations were to secure use of the hall only when the high school did not require it.

Those not affiliated with the school, however, are practically excluded from the auditorium for it is in use from 8:30 in the afternoon until from 8 to 10 o'clock every school night. During the five school days only one group, an athletic society of business men, uses the building. The society has a contract and occupies the auditorium every Tuesday night to play volleyball and indoor baseball.

On Saturday the local post of the American Legion takes charge while on Sunday from 2:30 until 4:30, Mulford's Athletic club practices. Superintendent J. F. Cavanaugh has been swamped with requests from various organizations and clubs in the city for the use of the building mostly for athletic purposes and in order to put the situation before the public has prepared a schedule of the hours which the building is in use.

Since the auditorium has practical-ly the only athletic quarters in Kaukauna, it is more than probable that the athletic program of the community organizations will suffer until the high school is completed. It also is extremely difficult to rent the hall for programs, dances or shows.

Following is the schedule for the week:

Monday, 8:30 to 5:30, boys' basketball squad; 7 to 8 o'clock, freshmen boys; 8 to 9 o'clock, sophomore boys. Tuesday, 8:30 to 5:30, boys' basketball squad; 7 to 8 o'clock, junior boys; 8 to 10 o'clock, business men volleyball team. Wednesday, 8:30 to 5:30, high school girls basketball squad; 7 to 8:30, boys' squad. Thursday, 8:30 to 4:30, boys' squad; 4:30 to 5:30, girls' squad; 7 to 8 o'clock, freshmen boys; 8 to 9 o'clock sophomore boys. Friday, 8:30 to 4:30, high school girls; 4:30 to 5:30, junior boys; 7 to 10 o'clock reserved for games. Saturday, 7 to 9 o'clock, American Legion and Sunday 2:30 to 4:30, Mulford Athletic club.

KAUKAUNA PERSONALS

Kaukauna—Miss Marie Mulholland left Thursday morning for a few days business visit in Milwaukee. Mrs. F. F. Wetzel of Appleton submitted to an operation in St. Elizabeth hospital this week. She formerly was Miss Blanche St. Andrews of this city.

DOUBLE-HEADER TO OPEN CASE SEASON

Kaukauna—King basketball will be ushered into prominence in Kaukauna Friday evening at the auditorium when a double header will be played between four local teams three of them picked from material which has turned out for the high school squad. The Mulford Athletic club team has been scheduled to meet the high school varsity team in the main battle while the freshmen and sophomore teams will fight for supremacy in the opener.

The interscholastic season was to have opened tonight with a game between the high school and East De Pere but the fracas was postponed until next Friday. No admission will be charged for the games Friday. Those interested in promoting the sport are anticipating a successful season this year and hope to get the people started at the very beginning. Basketball games have been financial failures for the last few years in this city and it is expected the free admission will offer added inducement to many to get it started right.

In the preliminary game the probable lineups for each team will be: freshmen, Bentrack, center; Look and Welch, guards; Cox and Goldin, forwards; sophomore, McFadden, center; Bissel and Nice, guards; Godfrey and McCrone, forwards. Most of the likely candidates for main high school team will be given tryouts in the second game.

Social Items

Kaukauna—The regular meeting of Oddie Chapter, Order of Eastern Star, will be held at 7:30 Friday evening in Masonic hall. Officers will be elected.

The Lady Elks held a Christmas party in Elk hall Wednesday for their husbands. About 50 persons were present. Cards were played and prizes were won by Hugo Weifenbach and C. E. Raught. Twelve tables were in play.

Miss Laura Klumb will entertain the Senior Christian Endeavor society of Reformed church Friday evening at a Christmas shower at her home on Dodge-st for Mildred Klumb, an orphan at the Port Wayne, Ind. orphanage, who is being supported by the local society. The evening will be spent in social entertainment.

The cast and chorus and others who assisted in the production of the high school graduates opera a few weeks ago were entertained at a banquet and informal dancing party Thursday evening in Hotel Kaukauna. About 60 young people were present.

Word has been received here of the serious illness of Frank Plekha, Sr. of Shawano. His son, Frank, of this city, spent the early part of the week visiting at his father's home.

Jinx Follows Oneida Man; Hurt 3 Times

Special to Post-Crescent Oneida—Noah Goffard who smashed his finger sometime ago and has had a great deal of trouble with it, got that hand caught in a pulley while moving his barn Wednesday. He had three of his fingers badly cut one requiring five stitches. Last year he had one finger amputated after having it injured.

B. H. Ding has sold his farm and moved to this father's home in Wrightstown. Samson Cornelius has returned to Tigerton after spending a few days with his daughter, Mrs. Elmer Summers.

Herbert Cornelius is the first person to install a radio set in the town and the Rev. J. S. Whiting comes second, having installed one Wednesday.

Edgar Skinner, town assessor, finds there are 120 automobiles in the town, of all makes.

Miss Iva Norwood has returned to Houghton, Mich., after spending a month with her grandfather, A. S. Voss.

During the absence of Mr. and Mrs. J. S. Charles a few hours Monday, the lock on the Charles silling station was broken and several gallons of gasoline stolen.

Ethel Cornelius, who is attending high school in De Pere, has been placed on the first team of basketball players. The best players were picked after a series of games last week.

HIGH SCHOOL STUDENTS GIVE LITERARY PROGRAM

Kaukauna—The usual weekly literary society programs are given in the high school during general assembly period Thursday morning. In the west study room the program was conducted by Clifford Pahnke as chairman and Cordell Runte as secretary. A poem was given by Lorraine Peters after which Arnold Ristau spoke on a current topic. A quartet composed of Elaine Conlon, Helen Pahnke, Lorraine Schwin and Dorothy Kraus sang a selection. The critic's report was given by Miss Marvella Thompson. Irene Nettekoven was elected chairman for the next program.

Walter Ditter was chairman and Clifford Vanable was secretary of the program in the east study room. Miss Florence Kohn rendered a vocal solo while a reading was given by Angela Gossens. Roy Darling gave a current topic and the critic's report was offered by Olin G. Dyer.

County Deaths

BUNKLEMAN FUNERAL

Special to Post-Crescent Seymour—Out-of-town people attending the funeral of Miss Sophie Bunkleman Tuesday were: Mr. and Mrs. H. G. Ruesink, Mr. and Mrs. L. J. Peters, Mr. and Mrs. G. Tenhope, Mr. and Mrs. William Braskamp, Mrs. J. Nickerson, John Ruesink, John Weir and son Earl and Mr. Kenneth, Waupun; Dr. and Mrs. John Braskamp, Mr. and Mrs. William Buddenhagen, Mr. and Mrs. Morris Olson and Lyle Olson, Fond du Lac; the Rev. David Bunkleman, Mrs. Emmet, Mrs. William Seibert, Miss Jean Seibert, Mr. and Mrs. Fred Just, George Christian and Bert Ellis, Oshkosh; Mr. and Mrs. Ernest Koss, Mr. and Mrs. John Koss, Mr. and Mrs. Fromm and children and Mrs. William Jens, Appleton; Mr. and Mrs. Ben Kramer, Green Bay; Mrs. H. Batchelor, Tuscola, Ill.

RICHARD OTIS

High Cliff—Funeral services were held at Menasha Tuesday for Richard Otis, who died suddenly there Sunday at the home of his daughter, Mrs. Charles Zickuhr. He formerly resided at High Cliff, where he spent 15 years. Burial took place at Portland cemetery at Brant.

PERSONAL NOTES OF VILLAGE OF SHERWOOD

Special to Post-Crescent Sherwood—Chris Hartjes of Little Chute called at the A. Kohlen home Tuesday evening.

Mr. and Mrs. J. J. Derrus were business callers at Appleton Wednesday. The Misses Emily Westinberger, Rose Loerke and Marie Kees attended teachers' convention at Chilton. William Geiner of Menasha spent Sunday with friends here.

The Misses Mildred Strebe and El-

ta and Grace Brantmeier and Norman Brantmeier of Menasha, spent Sunday at their homes here.

Mr. and Mrs. Leonard Brantmeier spent Sunday at Menasha with relatives.

Miss Marie Strebe was an over Sunday visitor at Menasha.

Mr. Jeske of Galesburg and son Harvey of this village were Sunday visitors at Madison.

Mr. and Mrs. A. H. Mueller of Sherwood, Mr. and Mrs. H. Schommer and O. W. McCarthy of Chilton have left on a 10-day sight-seeing trip to Florida.

Mr. and Mrs. Urban Brantmeier of Menasha, spent Sunday at the J. Strebe home.

Harvey Jeske transacted business at Stockbridge Tuesday.

P. Thaler and daughter Gertrude of Menasha, called at the Nick Maurer home Saturday evening.

Mr. and Mrs. Joseph Brantmeier and family spent Sunday afternoon at Menasha.

Mr. and Mrs. Mike Haag of Calumetville, were visitors at the J. Strebe home.

John Suttner, John Strebe, Al Martin and Louis Boree spent a few days up north rabbit hunting.

Miss Lena Mackus of Hilbert, is employed at the P. J. Miller home for a few weeks.

Ed Fees transacted business at the Twin Cities Saturday.

NEW LAMP BURNS 94% AIR Beats Electric or Gas A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity; has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, E. M. Johnson, 609 W. Lake-st., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month. adv.

Plenty of Spring and Yearling Chickens

Your Long Distance Service

FROM fifteen to twenty-one telephone operators cooperate in establishing a New York-San Francisco circuit; and other telephone employees by scores must be at their posts to insure efficient transmission.

That you may have a choice of destination for your voice, a vast network of Bell System circuits interconnects all important centers, reaching millions of homes and business places.

Over these circuits more than 158,000 traffic employees stand guard. But long before these highways of speech were ready for use, another army of workers had wrestled with problems of construction and maintenance. A huge manufacturing plant had mobilized its forces. Thousands of toilers in mine and forest had sought raw materials. Physicists and chemists through laboratory research, had laid a sure foundation for efficient service. All the forces and wonders of industry and science have been drawn upon to serve you when you make a long distance telephone call.

## TWO STATE POULTRY SHOWS COMING HERE

Brown Leghorn Association's State Exhibit Added To Valley Exposition

The state Brown Leghorn show has just been added to the poultry show to be given by the Fox River Poultry and Pet Stock association, making two state exhibits. The other is the Barred Plymouth Rock show.

Officials of the Brown Leghorn association are anxious to exhibit their birds in Appleton and asked permission to do so. More than 250 birds from all over the state will be brought here. The other exhibit will consist of 125 birds. These exhibits in addition to the entry list of the local association will make the poultry show one of the biggest ever held in the state.

The officers have just closed a contract with Oscar Klemp for an exhibit of pheasants, Guinea hens, peacocks and pigeons which will occupy a cage in the center of the armory, where the show is to be held. It promises to be one of the most interesting exhibits on the floor.

The corn and grain show will be given also in connection with the poultry show and will be one of the leading features. Copy for the premium list of the three shows now is in the hands of the printers and it is expected it will be ready for distribution within the next week or two.

## FREEDOM FAMILY IN AUTO COLLISION

Special to Post-Crescent  
Freedom—William Krammer and family, while coming home from Seymour Sunday afternoon, had their Chevrolet car badly damaged when it collided with another car coming from the opposite direction. None of the occupants was injured. The car had to be towed to a Seymour garage for repairs. Walter Roche took the Krammer family home.

James Garvey and Herman Kamp of Appleton visited friends here Thursday.

Johannah and Minnie VanDenBerg of Appleton, spent Saturday and Sunday here with their parents.

John Newhouse has purchased a house and lot from Mrs. John Conrad in the village.

A daughter was born to Mr. and Mrs. William Van Rivel, Jr.

Mr. and Mrs. Behling and children of Watoma, moved into the residence owned by Mrs. William Van Den Berg, Main-st. Mr. Behling is taking the position of cashier of the Freedom State bank, vacated by John Schommer of Little Chute.

Theodore Nabberfelt made a business trip to Milwaukee recently.

Mr. and Mrs. Hugh Garvey, son Richard and daughter Esther of Appleton, were guests of Mr. and Mrs. John Scholl Sunday.

George VanDenBerg of Seymour, was a business caller here Tuesday. Mr. and Mrs. Gus Van Dyke and family, of Twelve Corners, were guests of Mr. and Mrs. Theodore Nabberfelt Sunday.

John Appleton made a business trip to Green Bay Sunday.

Mr. and Mrs. John Coenen of Wrightsown visited Henry Verhagen here Sunday.

Antone Diedrick was pleasantly surprised at his home Tuesday evening by the following relatives to celebrate his sixty-seventh birthday anniversary: Mr. and Mrs. Raymond

## Married 50 Years

MR. AND MRS. GEORGE LARKIN

Special to Post-Crescent  
Seymour—Mr. and Mrs. George Larkin are celebrating their golden wedding anniversary Friday at their home here with their children and many friends came to offer their congratulations.

The children who attended are: Irving, a farmer at Galesburg, Frank and Mrs. L. A. Hansen, Seymour, who are twins; Mrs. Isaac Haave, Appleton; Mrs. Clifford Porter, Galesburg; Bruce, who is assistant manager at Fort Wayne, Ind. branch of International Harvester company. Seven grandchildren also were present.

Mr. and Mrs. Larkin were married 50 years ago at the home of the bride's parents, Mr. and Mrs. Richard Copthorn, Ashippun, Dodge-co. The Rev. J. W. Olmstead performed the service.

Mrs. Larkin was the oldest of six children in the Copthorn family and was born at Ashippun. She came to Seymour to teach at Woodland school district No. 1, at the invitation of Mr. and Mrs. Peter Tubbs, who were visiting in Dodge-co.

Mr. Larkin is counted among the pioneers of the northern part of Outagamie-co, where he has lived for many years. He was born in Columbia, Mo., and was the son of Mr. and Mrs. Daniel Larkin. The family came to what then was the town of Osborn, Mo. in 1855. In 1865 the town was divided and the northern part became town of Seymour. The Larkin log cabin was the sixth one north of the city of Seymour, about two and a half miles out.

The bridegroom of 50 years was 14 years old when he came to this country and he has resided here 58 years. He was educated in the district school here. His early years were spent helping his parents clear land and when he married he bought 40 acres of his own. A home was built at Mr. and Mrs. Larkin spent 23 years there.

After selling the homestead they purchased a larger farm, one mile west of the city where they lived until 10 years ago. They then bought their present home on Ivory-st. and took up residence in the city.

Mr. Larkin served his township as clerk for seven successive years. He has been a member of Odd Fellow lodge for more than 40 years. He was a charter member of the American Society of Equity and was manager of the Equity feed store here for five years ago. He has been a strong Democrat politically, and among other things he excelled as a hunter and marksman.

The couple had six children, five of whom are living. A daughter Nettie died eight years ago.

Manan and family, Grand Chute, Mr. and Mrs. Ed. Pendergast, son Colon and daughter Olivia, Menasha; Mr. and Mrs. Henry Hammen, Appleton; Mr. and Mrs. John Weber, Twelve Corners; Mr. and Mrs. John Hooyman and family, Mr. and Mrs. Nick Gonnering, Mr. and Mrs. Adrian Dieck, Mr. and Mrs. Peter Dieck, and Henry Dieck. The evening was spent playing cards.

Patrick Garvey attended the Herman Thoresen funeral at Appleton, Tuesday.

Mrs. Thomas McGinn of Iron Mountain, visited her sister, Mrs. Joseph McCormick here for several days.

William and Henry Rommesa are busy hauling cabbage to Little Chute.

Mr. and Mrs. John W. Hanson entertained Mr. and Mrs. Hubert Ludwig at their home Tuesday evening.

Mr. and Mrs. Henry Schommer attended to Appleton Sunday.

## CHILDREN WILLING TO GO TO SCHOOL AS HOLIDAYS APPROACH

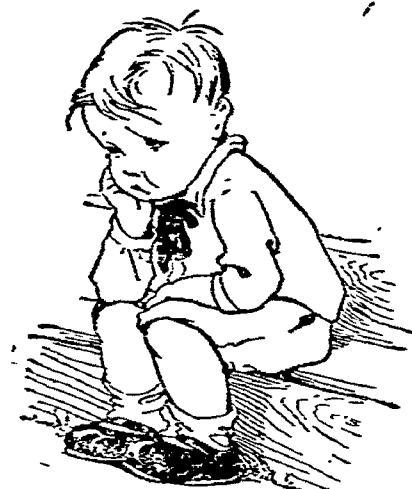

There is little hockey being played these days before Christmas, according to J. C. Pfeil, city truancy officer. The actual number of truants in November was only four, although parental negligence kept 37 children out of school at different periods of the month.

With an enrollment of more than 4,000 pupils in public schools there were 161 cases of non-attendance in November. Thirteen pupils, or eight boys and five girls, were returned to school, and ten parents were notified of violation of the school laws. Mr. Pfeil made nine visits to various schools. There were no cases of desertion or cases to be brought before the municipal judge.

End Half-Holidays  
The half-day holiday Saturdays which has been in effect at the offices of the local lumber and coal dealers since May 1 will be discontinued during the winter months after Saturday, Dec. 15. The original agreement read Nov. 1, but due to mild weather the time was extended.

## MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Even if cross, feverish, bilious, constipated or full of cold, children love the pleasant taste of "California Fig Syrup." A teaspoonful never fails to clean the liver and bowels. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## Get a Calendar From the Post-Crescent

Calendar time has come. That season of the year is at hand when every household, every office, and every schoolroom must discard its old calendar and hang up one for the new year.

The Washington Information Bureau of the paper is prepared to supply your calendar needs without charge. It has for free distribution an attractive Navy calendar printed on stiff, white card-board. This bears a four color reproduction of an original painting by Norman Rockwell called "Home From a Navy Cruise"—the sort of picture that a true American likes to keep above his desk throughout the year.

Send for your copy today. Simply fill out and mail the coupon below, enclosing two cents in stamps for return postage. Write your name and address clearly.

Frederic J. Haskin, Director  
The Appleton Post-Crescent Information Bureau,  
Washington, D. C.  
I enclose herewith two cents in stamps for return postage on a free copy of the 1924 Calendar.

# ROOSEVELT HOUSE FULL OF RELICS OF TEDDY'S LIFE

Trophies Of Chase Mixed With Manuscripts And Other Mementoes

New York—A huge stuffed lion, bagged in one of his hunting expeditions, a frying pan, a cartoon by Tom Nast, are only three diversified articles of the hundreds of manuscripts, pictures and mementoes of all sorts which have gravitated to Roosevelt House, the restored birthplace of Theodore Roosevelt at No. 25 East 20th street, Manhattan. The house was dedicated October 27.

A set of scrapbooks giving the career of Mr. Roosevelt, as told from day to day, in the press, is one of the notable additions to be received by the Roosevelt association during the last year. This set of books was started by the president's father, continued by himself, and concluded by members of his family. In it are some passages in Roosevelt's own handwriting, as well as a number of letters he wrote while at Harvard.

Supplementing the original cartoon of Theodore Roosevelt drawn by Nast for Harper's Weekly in 1882 and later presented by the famous exposé of the "Tweed Ring" to the president, are many other cartoons from foreign and American pens graphically recording Roosevelt's colorful career.

Dwight Franklin's miniature plastic group of Roosevelt, his son Kermit and gun bearers hunting in South Africa is a unique addition to the collection. The figure in this group are six inches high and have been colored and set in a miniature stage. The group is strikingly realistic.

The cradle in which one of the outstanding figures of history was rocked, and his last public message also have been incorporated in the collection. Mrs. Theodore Roosevelt, Jr., wife of the present assistant secretary of the navy, presented the cradle. The message, a letter to Richard M. Hurd, was donated by its recipient.

Six hundred bound volumes of back numbers of the New York Herald Times and World covering an important stage of Mr. Roosevelt's life, were presented by Frank A. Munsey, publisher of the Herald. A costly riding outfit, the gift of the Brazilian government at the time of the Colonel's River of Doubt expedition is there.

And reposing with manuscripts of

# Deer For Pet Too Much For Opera Leader

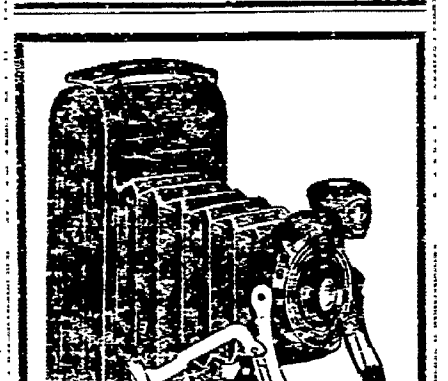

The strangest gift which has been presented to Miss Anna Fitzgibbon, prima donna of the San Carlo opera company which will sing "Madame Butterfly" here on Wednesday evening in Lawrence Memorial chapel was a pet deer. It was after the company had made a big hit at the Cotton Palace exposition at Waco, Tex. All sorts of gifts had been showered upon the company but when the deer was brought to the station for Miss Fitzgibbon, the manager drew the line.

It was not so much that he objected to pets, but to the fact that there was already so much baggage for the company. When 60 people travel about the country presenting an opera like "Madame Butterfly," there is considerable baggage to take away with them. Any excess menagerie is resented by the manager.

Some of the people in the cast speak no English and the manager finds it extremely difficult to get all 60 of the company assembled at the right station at the right time. After he reaches a town, he has a time to get them all put up at right hotels and then to get them the things each needs. His life is a hard one and he needs his time for something more than a deer.

Miss Mary DeYoung, assistant librarian at Appleton public library, and who is traveling in Europe at the present time, expects to spend Christmas in Rome.

articles which appeared in the Outlook is the frying pan the man with the "Big Stick" used 40 years ago when he and W. W. (Bill) Sewall, guide, hunted in Maine.

## Make the ice sing beneath you with Nestor Johnson's

You can't know the joy of skating till you've laced a pair of Nestor Johnson's on your feet and listened to the music of their straight steel runners spinning miles of ice behind you. Boy! How you can skate on them. Their tubular-braced runners are straight as an arrow. Their bell-like heel and sole cups give you a firmer, surer footing than you ever thought you could have on ice. Their specially built shoes hold these skates like part of your feet. Whether you're a champion or a beginner, you'll be surprised the first time you put on Nestor Johnson's. No other skates are just like them. Ask your dealer for them by name.

## OWN HOME BEFORE PURCHASING CAR. BABSON ADVISES

Noted Economist Sees Danger  
In Wholesale Purchase  
Of Cars

BABSON  
Home ownership should come before automobile ownership, yet only half those driving motor cars today can be said to live in their own homes.

With this statement, Roger W. Babson, noted economist and statistician, issued a broadside against the wholesale purchase of automobiles by business concerns.

"The time to buy an automobile comes when a person has a house paid for, or he at least has a reasonable equity in it," explains Babson. "Or he should have the equivalent of this in securities."

"We have been 300 years in this country building houses. The first automobile was sold 20 years ago. In four more years at the present rate of production there will be more automobiles than houses."

**LACK OF BALANCE**  
There is trouble ahead, he warns, when such a situation occurs itself. "People used to buy a machine only when they could afford it. Now they cut down on clothing, household furnishings, mental advancement, for the sake of the car. The automobile is gradually lowering the standard of living and this is dangerous."

Automobile manufacturers have been killing the goose that lays the golden eggs, he adds, by this obnoxious stimulation of their business. "We meet business troubles in this country," he explains, "when one industry gets out of line with the others. Remember, I believe in the automobile industry and I think the country owes a great deal to it as a permanent basic industry. But the best thing in the world can be overdone. The soundest prosperity consists in keeping a balance among all basic industries."

**HALF LUXURIES**  
Despite the contention of automobile manufacturers that the automobile is a necessity, Babson estimates half of the cars on the streets today may be considered luxuries. His idea when a motor car becomes a luxury is this: "When an automobile increases a man's efficiency it's a necessity. But when it does not do so, or when the money for a car is invested in something else, would increase the man's efficiency more than the machine, then it becomes a luxury."

"When a workman goes to his factory in a Ford, leaves it outside for

## SODATOL READY FOR DELIVERY IN SPRING

Orders for sodatol for spring delivery will now be accepted by the Land Clearing office of the Department of Agriculture Engineering College of Agriculture, University of Wisconsin, according to notice sent to the office of R. A. Amundson, county agent.

The notice says: "The price will be \$5.95 per hundred pounds delivered to regular railroad stations in Wisconsin in minimum carload lots. A minimum carload is 15,000 pounds of sodatol. Please order in even thousands where possible. Each farmer may order not to exceed 1000 pounds. No hauling caps will be supplied with this material."

The sodatol must not be handled by or through retail dealers. Carload orders should be sent in on regular blanks provided and all information on must be given. Either check for the amount or properly signed deposit slip and blank check must accompany all orders. Orders once entered cannot be increased.

Sodatol is to be sold at \$5.95 to farmers who call at the car at carload receiving points. If extra expenses are necessary, they should be added to that material which caused the expense.

No general overcharge must be made unless approved by this office.

the der and thinks he's saving car fare, when the depreciation alone on the car is 30 cents a day, then that car certainly is a luxury."

**BUDGET WILL TELL**  
The answer to the whole situation, believes Babson, is the institution of the budget in every home.

"Every man should have a budget, whereby he definitely puts aside certain proportions of his income for rent, food, education, pleasure, savings, and other things that go into the average family life. Thus he can soon see whether he ought to have an auto."

"If he can continue to save a reasonable amount for a rainy day not cut down his standard of living, and still have an auto—fine."

"But to give up savings or cut down the standard of living for an automobile is unwise and unsafe."

"It just resolves itself into the matter of keeping a budget. By this means any man can answer the question himself."

## Get License Application Blanks From Post-Crescent

Automobile owners soon will be filling applications with the secretary of state at Madison for 1924 licenses and are looking out for application blanks. The Post-Crescent has obtained a large number of the application blanks from the secretary of state and is prepared to give them to motorists. They may be called for in person at the Post-Crescent office or they may be obtained by sending a stamped, addressed envelope to the Automobile editor of the Post-Crescent.

Applying for a automobile license is a bit more complicated and requires more work than in previous years. The automobilist must give his name, address, name of car, style, year, passengers, engine No., serial No., horsepower, weight and must state the fee that accompanies the application. Inasmuch as the license fee will depend upon the weight of the car the automobilist must know this when he makes application. The secretary of state, however, has prepared a statement giving the weights of practically all the makes of cars in the state and

### KALLENBERG ADDRESSES OFFICERS OF Y. M. C. A.

Dr. H. F. Kallenberg of Chicago, physical department representative of the Y. M. C. A., addressed the employed staff of the Y. M. C. A. at a meeting Thursday morning, outlining the plan of organization for reaching the men of the shops and factories. Thursday noon he addressed the board of directors and physical committee of the Y. M. C. A. at a luncheon. His subject was, "The Significance of a Physical Program in the Y. M. C. A."

## BADGER DEATH RATE DECREASES IN 1922

Wisconsin is one of the six states which show a lower mortality rate for 1922 than for 1921, according to compilations made by the United States census bureau, the department of commerce announced at Washington. The other five states are Michigan, Mississippi, Ohio, Pennsylvania and Virginia.

Exclusive of still births the death rates from all causes per 1,000 population in Wisconsin in 1922, 1921 and 1920 were as follows:

Adjusted rate, 1922, 9.5; 1921, 9.7; 1920, 10.5; crude rate, 1922, 10.1; 1921, 10.3; 1920, 11.2.

Adjusted rates, as explained by the department of commerce, makes allowances for the differences in age and sex composition of the different for 60 cents.

states, and shows what the death rate would be if all states had the same proportion of males and females and the same proportion of the total population in each age group. The crude rate is based on total populations and all deaths occurring within the given area.

## For Creaky Joints

Just rub on the new application called Joint-Ease, if you want to know what real joint comfort is. It's for stiff, swollen, or pain-tortured joints whether caused by rheumatism or not.

A few seconds' rubbing and it soaks right in through skin and flesh right down to ligament and bone. It oils up and limbers up the joints, subdues the inflammation and reduces the swelling. Joint-Ease is the one great remedy for all joint trouble and Voltz Drug Co. and other live druggists are dispensing it daily—a tube for 60 cents.

## What the Corrosion Test Reveals in Poor Motor Fuel

TWO cups pressed from soft, unalloyed copper. In one, a measured portion of True Gasoline; in the other, a similar sample of common brand fuel. Both fairly bought at public filling stations.

Then slow heat evaporates them both, under conditions approximating the temperature of a motor explosion.

The outcome of this accepted laboratory test for corrosion or "eating" is accurately shown in the two photographs. Note that the cup containing

# Wadhams True Gasoline

shows only the faintest rings of demarcation as the boiling-liquid lowers evenly and unbrokenly to nothingness.

But the *other* cup is *blotched, discolored and scored*. It needs no microscope to reveal areas where the sharp acid content has etched and bitten into the pure sensitive copper.

The danger of gradually pitting and roughening pistons, valves and cylinder walls through continued corrosive influence is only another subtle influence of cheapened fuel, added to its outstanding drawbacks of hard starting, irregular explosion, excess carbon and oil-destructive kerosene.

True Gasoline, by original selection of material and old-fashioned straight run manufacture is automatically free from these evils. Its use is motor safety, its smooth-running, protective qualities revealing themselves as definitely in the practical test of road service as in the scientific realm of the laboratory.

# AUTOMOBILE NEWS

## MOON FIRST WITH DOUGHNUT TIRES

Larger Tires With Low Pressure Add Greatly To Riding Comfort

The Moon Motor Car Company has just announced that effective immediately all models of MOON cars may be ordered equipped with the new, large-section low-pressure tires commonly called "Doughnut" tires.

Moons are among the first to adopt doughnut tires, making it optional with the purchaser to specify either balloon tires or the regular cord tires, and this progressive move was made possible by special arrangement with the manufacturers of tires and disc wheels.

Balloon tires are being offered on MOON cars only after being subjected to insurable rigid tests and after receiving many thousands of miles of actual road service under all conditions.

The balloon type of tire is a radical departure in tire construction. It marks a great advance in the direction of easier riding, greater safety and reduced depreciation of automobiles.

Being of generous proportions, 30 x 5 1/2 and 32 x 6, in that they not only improve the appearance of the cars on which they are used but they are also an important factor of safety, reducing the possibility of skidding because of the larger traction surface, or road contact of the balloon tires. The balloon tire is so designed that but twenty to thirty-five pounds pressure per inch is sufficient. The section and side wall of the tire is especially designed and proportioned to withstand the great twisting and bending of the car, as due to the lowered resistance of the air pressure.

The use of balloon tires requires specialized wheels, which are much smaller than the standard automobile wheels. The 6-40 and 6-50 models of MOON cars equipped with balloon tires have 22 x 4 1/2 or 23 x 4 1/2 wheels, carrying 30 x 5 balloon tires. The 1-55 series of MOON cars use the same size of disc wheels with 32 x 6 balloon tires.

Perhaps no other improvement in motor car transportation has created so much interest among the trade and the public as Balloon tires. The demand for them has been so insistent that the tire manufacturers have experienced great difficulty in resisting the temptation of marketing these tires before they were fully perfected. Motorists are quick to appreciate that the large-size, low air pressure tires meant more comfortable riding, practically eliminating jarring, jolting and vibration and although this new type of tire has only recently emerged from the experimental stage, the demand for balloon tires is such that the tire manufacturers are far beyond in the production of them.

## HIGHER CULTURAL STANDARD SOUGHT BY MUSIC CLUBS

Federation Plans Four Year Course In Understanding And Appreciation

By Associated Press  
Peoria, Ill. — Promoting higher cultural standards in music, following the organization's decision to inaugurate a four year's course of study on the understanding and appreciation of music, the National Federation of Music Clubs, through its more than 1,900 chapters in the United States, "has taken another step in the right direction," according to Helen Harrison Mills, national chairman of publicity headquarters here.

An outline of the course is being prepared for distribution by Mrs. Frank A. Seiberling of Akron, Ohio, chairman of the department and the announcement of sale will be designed especially for adoption by choral societies or the large clubs mainly interested in presenting afternoon or evening recitals. Special honors will be given clubs completing two years of the course at the Portland, Oregon biennial in 1925, and greater recognition paid to those finishing the entire four years' course at the 1927 biennial.

Equal emphasis in the organization's work is to be placed upon the plan to give the American musical artist the same footing with foreign artists on the concert programs sponsored by the music clubs. The federation at its last convention resolved to engage at least fifty per cent American artists in the future.

Another field of musical endeavor was opened in the decision to institute a department of music in industry, with Ruth Antonette Sabel, head of the bureau of Industrial Music in charge.

Instructions to each of the units urging them to redouble their efforts to obtain legislation looking toward the establishment of a National Conservatory of Music, have been issued according to the announcement, and also that the federation's committee on legislation continue to seek the active cooperation of all other national associations toward this end.

Steps already have been taken to have a simplified bill introduced in congress to provide for the appointment of a commission of 21 persons representing all classes and phases of music that when the Conservatory is organized it will be broadly democratic.

## WINTER CAR CARE SOURCE OF SAVINGS

Delicate Mechanism Of Ignition System Requires Service Station Advice

Groaning starters and "spitting" motors warn the car owner all too plainly that cold weather driving troubles are at hand and sound the warning to the man who would keep his car in condition to his himself to a service station and have his car inspected. That same urge that prompts humanity to doff the E. V. D's, and enshroud itself with heavy clothing should be extended to the motor car, for the delicate mechanism of the ignition system is as susceptible to weather changes as the frail human.

Many a good car has been ruined by improper winter care or neglect to have it inspected and overhauled for the cold weather grind. There is a tendency on the part of individuals at this time of year, to begin hoarding savings for Christmas, at the sacrifice of their own personal comfort as well as the life of their motor cars. It is the poorest economy to neglect the automobile and put off the inspection and adjustments necessary to insure dependable service throughout the long winter and prolong the life of the car.

A few minutes, or at worst, a few hours in the hands of an expert service man means a motor car assuring comfort and pleasure at a cost trifling in comparison to the advantages gained from the standpoint of driving comfort and lengthened life of the car. The warning is sounded about this time each year, yet many, if not a majority of owners, will procrastinate and continue driving their cars until a real cold snap hits them and the mechanism fails. An expensive visit to the service station is the result which could have been avoided easily by a little care and at a trifling cost had the owner taken the proverbial "stitch in time."

"We have anticipated the demands of Reo owners," said Mr. Schneider of the Appleton Auto Co., and the service department has cleared the decks so that prompt and efficient service is assured in getting cars into condition to assure easy starting and an uninterrupted functioning of the motor during the winter period. Reo owners, as a rule, are numbered among the more substantial citizens, who are as careful about their motor cars as they are about themselves and naturally are looking for a better car in the service department in November and the early part of December. Reo service stations are fully equipped, conveniently located and expertly manned, assuring quick and dependable service. To that more than anything else we attribute the popularity of the Reo motor car and SPEED WAGON, reflected in the steadily growing demand we have enjoyed throughout the summer and early fall. A motor car's life depends solely on the attitude and characteristics of the owner. An owner who is careful of his car and has it inspected by a competent man occasionally, especially at this season of the year, has a right to expect continued and unbroken service for the maximum life of the car, which necessarily is based largely on the initial cost.

## NOVEMBER SALES OAKLAND'S BEST

More Machines Produced Than Any Month In History Of Company

The Oakland Motor Car company reports the sale of cars during November was the largest in its history for that month. The sales were three times those of November, 1922, and exceeded even the previous high November record of 1919 during a year which was considered a banner one in the motor car industry.

The company likewise reports that an analysis of country-wide sales of all makes of cars shows the Oakland advanced in sales from 19th place in October, 1922, to 7th place in October, 1923.

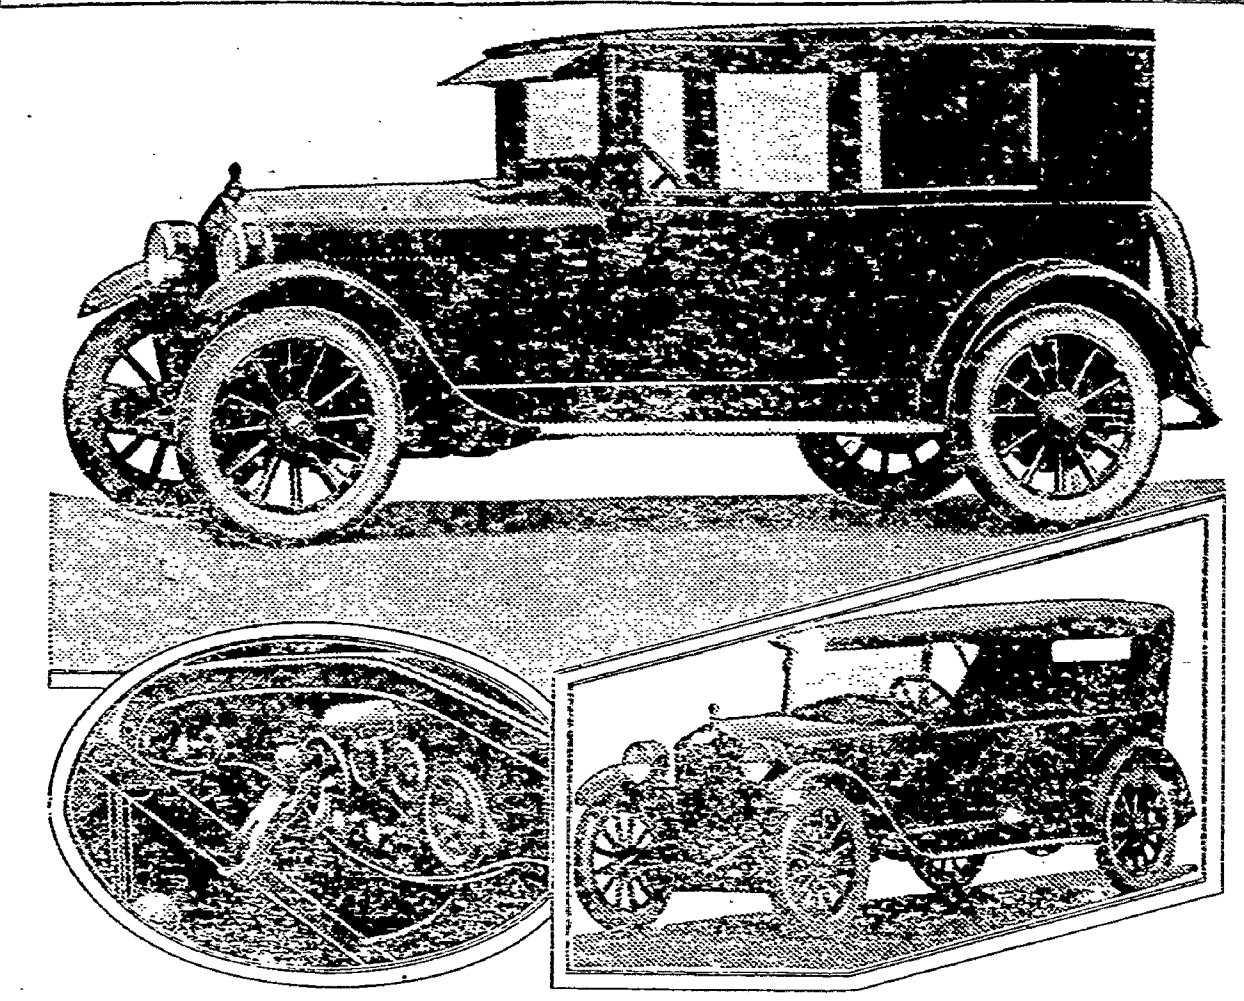

The phenomenal jump in sales for Oakland is particularly significant at this time of the year when sales ordinarily are off somewhat.

C. Nephler, general sales manager of Oakland, attributes the large fall and early winter sales record to the many distinctive features of the new line of cars, and the rapid growth of Oakland's dealer organization.

R. A. Armstrong, factory service manager of the Oakland Motor Car company, held dealer service meetings at Boston and New York during the last week. J. H. Otis, special service representative, held similar service meetings at Pittsburgh, Philadelphia, Washington, D. C., Buffalo and Cleveland.

servatory of Music, have been issued according to the announcement, and also that the federation's committee on legislation continue to seek the active cooperation of all other national associations toward this end.

## 6-Cylinder Closed Car for Less Than \$1,000

THE NEW ESSEX COACH. BELOW AT THE LEFT IS THE OPEN CAR FRONT COMPARTMENT, AND AT THE RIGHT THE OPEN CAR.

The new Essex, a six cylinder car built under Hudson Super-Six patents and featuring a larger, roomier coach at \$975, has arrived in Appleton and is on display at the salesroom of J. T. McCann Co.

The new coach is said to be the only full-sized, six-cylinder enclosed car on the market listing at less than \$1,000. It is announced that at least 75 per cent of this year's Essex output will be in this coach. There is a five-passenger open car which carries a list price of \$850. "If a nut-shell description of the new Essex is required," said Jack McCann, "the following sentence might fill the bill."

"The new Essex combines all the reliability and stamina of the previous car, plus a smooth flow of power heretofore exclusive to the Hudson Super-Six. The new Essex measures up in every respect to the traditional Hudson policy of providing a product of outstanding merit. In this new car may be found the results of all the lessons which Hudson has learned from the Essex and from the Super-Six. "On this chassis are mounted: First, an open body of striking, low-hung appearance, and second a finer, larger Essex Coach which is an entirely new and exclusive product in the motor field—namely, a six-cylinder, five-passenger enclosed car selling at less than \$1,000."

"Both cars are notably handsome. They are automobiles which you look at once—and instinctively want. The Coach particularly is remarkable in that there is over six inches more leg space between the front and rear seats than in the old Essex. This affords real sitting comfort on even the longest drives. There is two inches additional head room above the front seat. On the open car, the top is actually only 5 feet 10 1/2 inches above the ground, at its highest point and the front of the top is so low that a man of average height can look directly over it. The coach is in proportion, and is a remarkably trim, low-hung smart appearing car.

"This lowness is obtained with no sacrifice in road clearance. A new principle in the mounting of bodies is involved. It is a highly important factor not only in bettering the general lines of the car, but also in lowering the center of gravity and greatly improving the riding qualities. "Motor experts who have ridden in the new Essex say that they had never experienced before such a feeling of stability and sureness on the road."

"The general lines of the Coach have been somewhat revised. The compartment space at the rear has been transferred to an interior location at the upper half of the rear seat. This change in design has made possible a great improvement in the general appearance of the Coach."

"These new cars accentuate the position of the Hudson Motor Car Co., as the pioneer and specialist in enclosed cars, at a moderate price. It is more than two years now since the first Coach was brought out. This is the type of product which has kept Hudson at capacity ever since and which, apparently, the public wants."

"It has been logical to assume that the Coach would undergo improvements and advancements, and Hudson feels particularly fortunate to pre-qualify these betterments in the body at the same time when it is applying Super-Six principles to the chassis."

## STANDARD WILL SELL ETHYL GAS

Plans For Non-knock Motor Fuel Are Announced By Chevrolet Dealer

In his address before the Society of Automotive Engineers in Chicago, C. F. Kettering, president of the General Motors Chemical Company, announced that a contract had been entered into between that company and the Standard Oil Company of Indiana for the distribution of Ethyl Gas, says Mr. Craig of the Fox River Chevrolet Co., Chevrolet Dealer here.

Ethyl Gas is the new fuel developed by General Motors Research Corporation. It has the effect of taking the knock out of a motor, no matter under what conditions or load an automobile is driven. It is the result of several years research and test at the laboratories of the General Motors Research Corporation in Dayton and in Cincinnati, Ohio, where it has been placed on sale at a few stations.

Ethyl Gas has a characteristic light wine color, which distinguishes it from other automobile fuels. Distribution by the Standard Oil Company of Indiana will cover the states of Indiana, Michigan, Illinois, Minnesota, Wisconsin, Iowa, Missouri, Kansas, Oklahoma, South Dakota, North Dakota as quickly as installation can be made. This installation will be started in Indiana and carried through Illinois, into Missouri and Kansas. The southern part of the distributing territory is being equipped this winter and the northern part will be equipped as early as possible in the spring, in order that motorists may be supplied when the 1924 motoring season opens. First installations will be made in Standard Oil Company of Indiana service stations. It is believed that all stations will be open and ready to supply Ethyl Gas by July 1st, 1924.

There are 968 towns and cities in the eleven states mentioned, where one or more service stations is operated. Bulk distributing facilities exist in 4,688 towns.

"The general lines of the Coach have been somewhat revised. The compartment space at the rear has been transferred to an interior location at the upper half of the rear seat. This change in design has made possible a great improvement in the general appearance of the Coach."

"These new cars accentuate the position of the Hudson Motor Car Co., as the pioneer and specialist in enclosed cars, at a moderate price. ## HALF OF MOTORDOM MADE UP OF FORDS

Production This Year Indicates Fords Represent 49 Per Cent Of Total

Detroit, Mich. — Approximately forty-nine per cent of the passenger cars and trucks produced in the United States during the first ten months of 1923 were Fords.

This is shown by a comparison of the automobile production figures given out by the U. S. Department of Commerce and those of the Ford Motor Company here.

The department's figures on cars and trucks, the latter including apparatus and street sweepers, shows a total of 2,395,533 for the first ten months.

Ford production figures for the period, which include as those of other companies, cars and trucks made here for assembly in foreign countries, totals 1,639,374. This total, however, does not include the production of the plant at Manchester, England, which manufactures practically all of its parts and which produced 27,606 cars and trucks during the first ten months, nor does it include the ten-month output of 69,452 cars and trucks by the Ford Motor Company of Canada, Ltd.

A comparison of the truck production figures shows that 62 per cent were Fords. The total number of trucks turned out during the ten months from January 1 to November 1 was 320,235 with Ford truck production for the same time totaling 200,925.

"The general lines of the Coach have been somewhat revised. The compartment space at the rear has been transferred to an interior location at the upper half of the rear seat. This change in design has made possible a great improvement in the general appearance of the Coach."

## ANNOUNCING NEW DODGE BROUGHAM

Everything For Pleasure And Comfort In New Kalamazoo Car Design

Everything that has been found to contribute to the pleasure and comfort of motoring has been included in the regular equipment of the new Kalamazoo four-passenger Brougham-Coupe for Dodge Brothers Chassis. And while these commonplace additions were being made, the greatest care was exercised in maintaining the beauty and distinctive appearance of the car. A durable, roomy trunk posed on polished aluminum trunk rack, cowl ventilator, window regulators of the best and latest design, sun and rain visor, windshield wiper, largest and best heater, dome light, newest design parking lamps, are some of the essentials to motoring comfort that are included in your Kalamazoo Brougham-Coupe.

For the person who is seeking a car that has all the characteristics of a Coupe, plus a more commodious seating capacity, the new Kalamazoo four-passenger Brougham-Coupe designed and built especially for Dodge Brothers Dependable Chassis offers the ideal arrangement. When the car is being used for business, or for three passengers, the front seat folds easily forward and down entirely out of the way. When another passenger is picked up, the seat is brought to an upright position quickly and easily, and, too, it provides a real seat, generous in size, richly and deeply upholstered, and thoroughly comfortable. The driver's seat may be adjusted when found necessary, thus greatly increasing the comfort and pleasure of the driver. Back of the driver's seat is ample leg room, and a big, roomy seat that you sink into luxuriously and forget the road has such things as ruts and jars.

Shoppers, Eat at the Y. M. C. A. Cafeteria.

LETTER FROM JOHN ALDEN  
PRESCOTT TO SYDNEY  
CARTON

DEAR SYD:  
I only had a moment to catch the train after receiving Leslie's telegram that her parents had been called back to Pittsburgh and had left her alone. I knew that you had three or four days longer in New York, and as I could not possibly stay that long, decided to make a run for it, as you may have surmised when you received my note left at the hotel for you.  
I wonder if you can conceive just what I did the first thing when I arrived home? Of course it was after I had kissed my wife and talked with her a little. Syd, she is the sweetest woman on earth.  
Then she insisted that I should go into the room across the hall which has been turned into a nursery for Junior, and bring the baby to her. My knees fairly trembled as I tried to open the door. I had never thought for a moment of any such disclosure as you made to me.  
When I looked into the cradle and the baby opened his eyes, instantly I saw that wringing of his nose as he drew up the corner of his mouth and I was almost sure your deductions were correct.  
And the queer part of it, Syd, is that I don't know whether I want to believe it or not. I do not know whether I am pleased or not. You said, of course, that Paula told you she intended to keep her baby, but I expect a woman with a child out in Hollywood would be apt to find no place into which she would fit. I presume that Paula, reading the newspapers in Albany before she left for the coast—I have heard lately,

Syd, that she was in Albany for a day or two about the time of Leslie's accident—had gone of her impulses to give the baby to Leslie and me. And yet I am such a coward, Syd, I do not want to make sure that this is true. It would be very easy to do so, you know. All one would have to do would be to find out if she is alone in Hollywood. Then I would know that this child that is in my house is mine. For I know that Paula Perrier would never give her child to any one but me as long as she could possibly provide for it.  
I am glad you think that it is right for me not to tell Leslie. Honestly, Syd, I am not keeping this from her for my own sake, but for hers. I do not want to make her unhappy. She is so sweet, so sympathetic and so understanding that I believe she could even imagine and condole a situation that you seem to think confronts me.  
I sometimes think, Syd, that in all this world no man has ever been placed just as I am. I love my wife dearly and I am beginning to love that child. Syd, I like to think it is mine, and I don't think I am betraying Leslie in any way when I let myself love this baby.  
Even if it be true that the child belongs to me, I never think of its mother except as Leslie. Paula Perrier has passed out of my life as completely as though she were dead.  
Oh, Syd, I'm all mixed up. I don't know what is right, what is expedient or what is the courageous thing to do. I almost wish you hadn't told me anything about it. JACK.  
TOMORROW — Mrs. Hamilton to her daughter, Mrs. Leslie Prescott—Happiness returned.

## Adventures Of The Twins

**The Long-faced Committee**  
One morning when Mister Gallop and his guests, Nancy and Nick, were eating their breakfast in the fairy-man's red-rook cave, there was a timid, scratching sound at the entrance.  
"Come in," called Mister Gallop. And to their surprise, instead of one person, in walked a dozen people, all looking as solemn as a Quaker meeting.  
"Good morning, sirs," said Mister Gallop. "Is anything wrong? Judging from the way you're all looking, it can't be anything right. What is it?"  
Mister Prairie Dog, still puffing from his climb (for he never could stand mountains) looked at Mister Gopher. Mister Gopher looked at Mister Field Mouse. Mister Field Mouse looked at Mister Cotton Tail. Mister Cotton Tail looked at Mister Gray Squirrel. Mister Gray Squirrel looked at Mister Chipmunk. Mister Chipmunk looked at Mister Water Shrew. Mister Water Shrew looked at Mister Beetle. Mister Beetle looked at Mister Snail, and Mister Snail looked at Mister Grasshopper. But poor Mister Grasshopper had nobody to look at.  
So he got up his courage and spat tobacco juice on the ground and said weakly:  
"We're a committee, sirs. We came to tell on 'Piggy Badger'. We call him 'Piggy' because he digs with his nose and he's got a dreadful appetite. Besides he's as fat as a haystack. That's why we came. Because he's so fat. He gets fat on us—and no matter where we or our families live, he roots us out with his long, sharp nose and he's getting so bad nobody's safe any more."  
"Well, well, well," said Mister Gallop. "I'm glad you came," said Mister Gallop. "I'll tend to this 'Piggy' fellow as soon as I never seen him around, so I thought he had moved away."  
"No sir, he comes out mostly after sundown," said Mister Prairie Dog. "Then he's sure to find us at home."

"Well, go home now to your families," said the cowboy fairy, "and Nancy and Nick and I will have a little hunting trip of our own today."

"Oh, thank you, Mister Gallop," they all said together. "We're ever so much obliged. 'Piggy' Badger lives in a sandy place on the edge of the plain, if you want to know. He lives there so he can hunt in both directions."  
"Don't worry," Mister Gallop assured them. "We'll jump on our ponies and look him up at once."

## DOINGS OF THE DUFFS

I WONDER WHAT I CAN GET BETTY JANE FOR HER CHRISTMAS PRESENT? SHE'S SUCH A WONDERFUL LITTLE BABY AND SHE DESERVES A WONDERFUL GIFT FROM HER DADDY, BUT WHAT WILL IT BE?

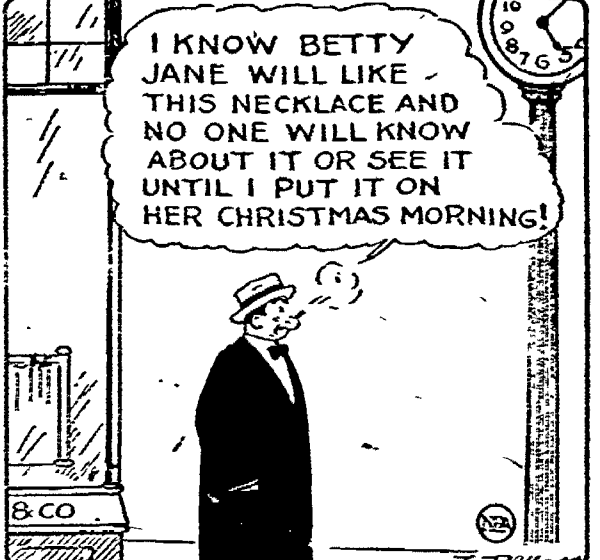

THIS IS THE BEST JEWELRY STORE IN TOWN—I OUGHT TO BE ABLE TO FIND A SUITABLE CHRISTMAS GIFT IN HERE FOR THE BEST LITTLE GIRL IN TOWN—SO HERE GOES—

## Tom Thinks of Someone

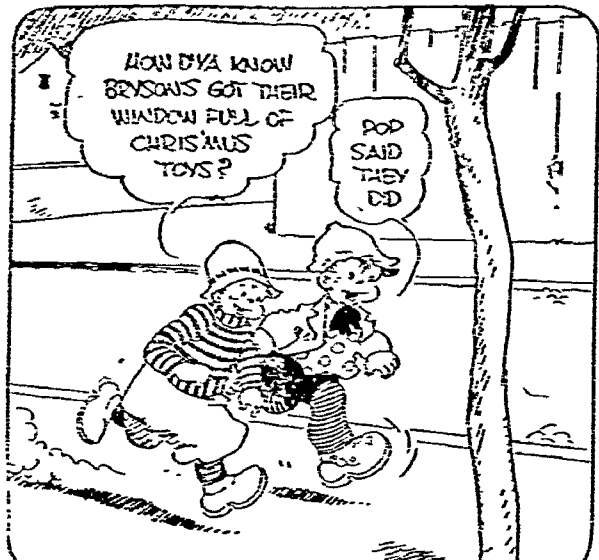

A BABY'S NECKLACE? THAT LOOKS GOOD TO ME—ONE HUNDRED DOLLARS YOU SAY? WELL, I'LL TAKE THAT—IT WILL LOOK FINE ON HER I KNOW—

IT IS VERY STUNNING, SIR—

I KNOW BETTY JANE WILL LIKE THIS NECKLACE AND NO ONE WILL KNOW ABOUT IT OR SEE IT UNTIL I PUT IT ON HER CHRISTMAS MORNING!

## FRECKLES AND HIS FRIENDS

HON DYA KNOW BRUNSWICK GOT THEIR WINDOW FULL OF CHRISTMAS TOYS?

POD SAID THEY DID

OH BOY! LOOK AT THESE THINGS, WHEE!

## Nothing Left for Freckles

I TELL YA—IF YOU COULD ONLY HAVE ONE OF ALL THESE THINGS WHAT WOULD YOU TAKE? THEN YOU ASK ME WHAT I WOULD TAKE.

WELL—IF I COULD ONLY HAVE ONE THING I THINK I WOULD TAKE TH' STORE!

## By Blosser

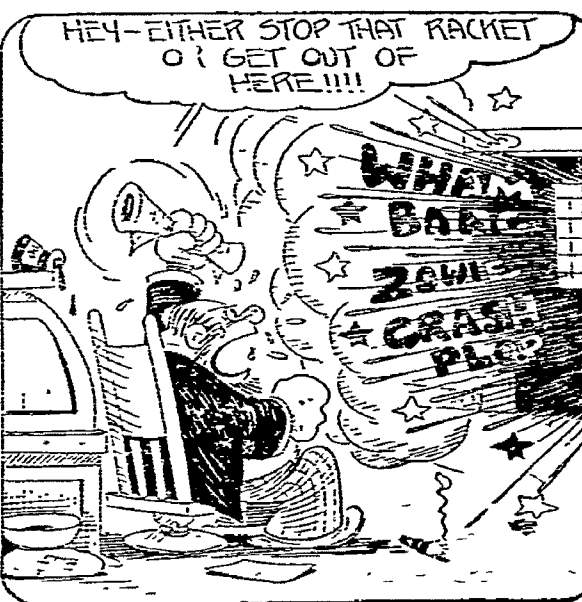

## SALESMAN SAM

## It's a Self-Stopper

## By Swan

WOTS TH' BIG IDEA O' SLAMMIN' TH' DOOR, EH?

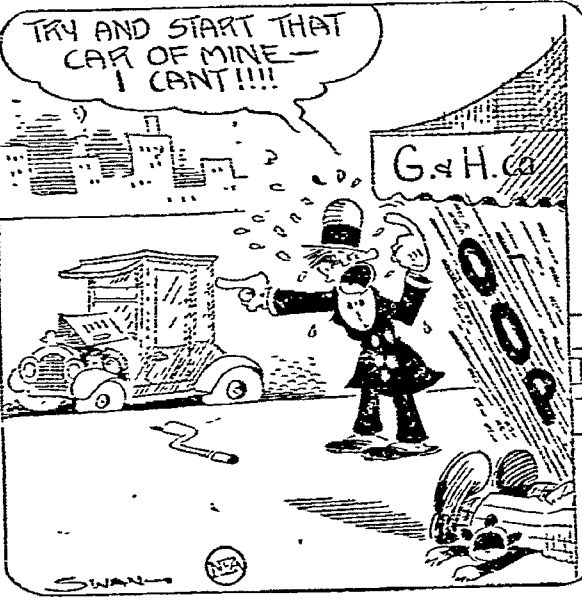

HEY—EITHER STOP THAT RACKET O' GET OUT OF HERE!!!

SAV—IF YOU'RE TRYING TO START SOMETHING, SAV SO! I'M NOT YELLOW BY A LONG SHOT

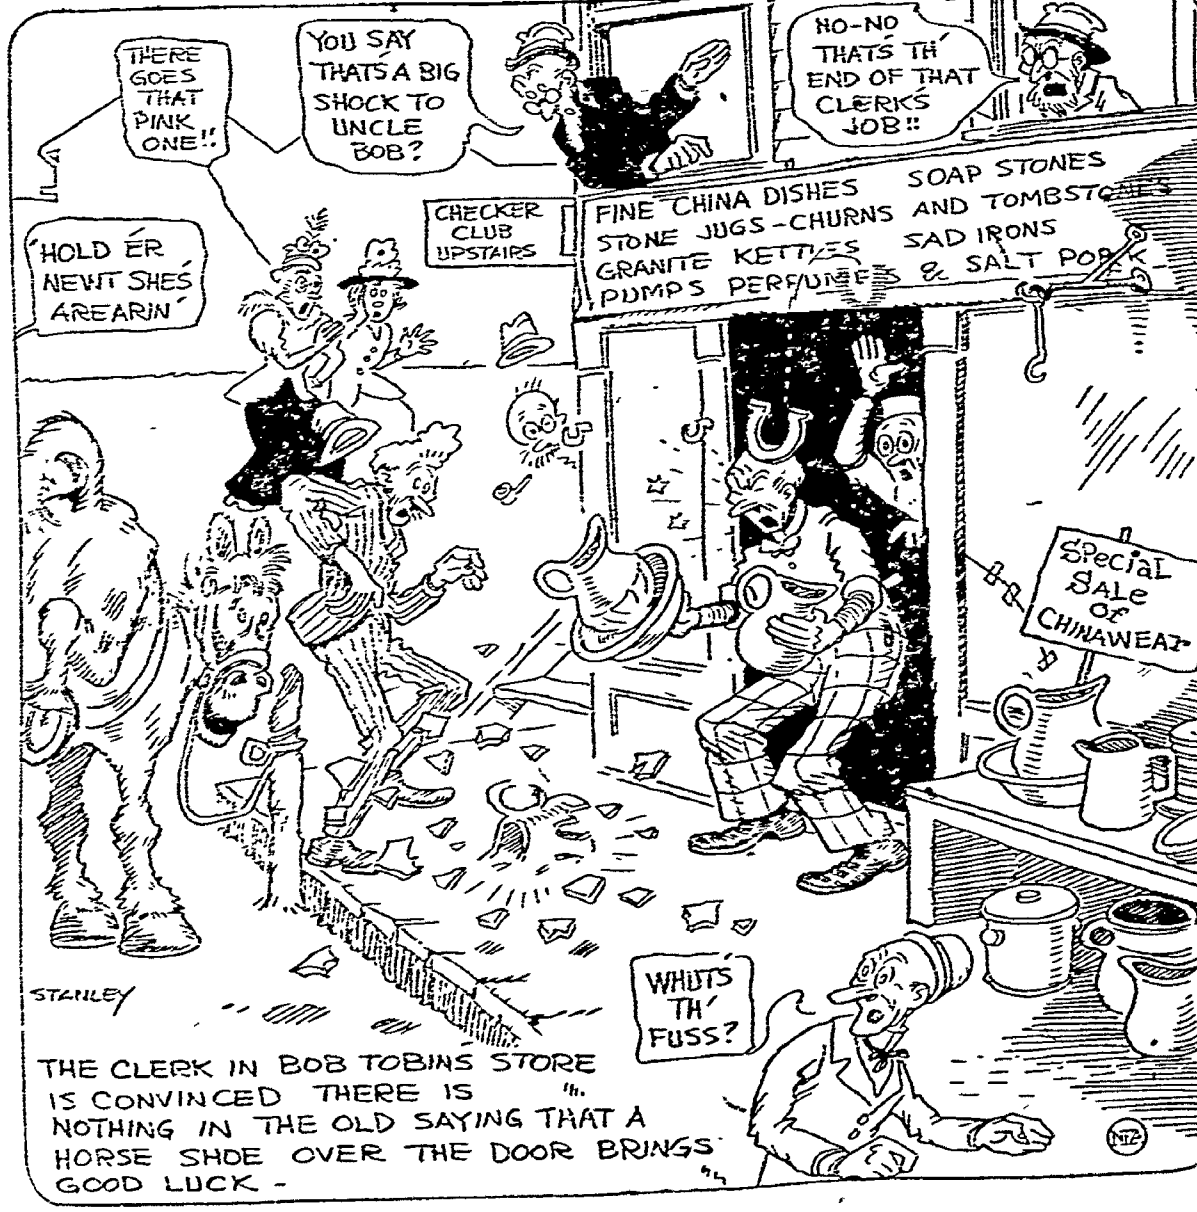

YOU BET I AM TRYING TO START SOMETHING

TRY AND START THAT CAP OF MINE—I CAN'T!!!

## By Stanley

## THE OLD HOME TOWN

THERE GOES THAT PINK ONE!!

YOU SAY THAT'S A BIG SHOCK TO UNCLE BOB?

NO—NO THAT'S TH' END OF THAT CLERKS' JOB!!

HOLD ER NEWT SHES ARE ARIN'

CHECKER CLUB UPSTAIRS

FINE CHINA DISHES SOAP STONES STONE JUGS—CHURNS AND TOMBSTONE GRANITE KETTLES SAD IRONS PUMPS PERFUMES & SALT PICK

SPECIAL SALE OF CHINAWEAR

THE CLERK IN BOB TOBINS STORE IS CONVINCED THERE IS NOTHING IN THE OLD SAYING THAT A HORSE SHOE OVER THE DOOR BRINGS GOOD LUCK—

## OUT OUR WAY

## By Williams

YOUNG MAN, YOU OUGHT TO BE ASHAMED TRAPPING THOSE POOR MUSK RATS FOR THEIR SKINS. JUST THINK HOW THEY SUFFER IN THOSE TRAPS, ITS TERRIBLE!

WHEN A FELLER'D LIKE TO SAY WHAT HE THINKS.

## OUR BOARDING HOUSE

## By Ahern

HAW—MARTHA, M'DEAR, YOU RECALL ME SAYING LAST NIGHT I HAVE A SPLENDID IDEA TO FURNISH YOU WITH \$2000 FOR YOUR CHRISTMAS SHOPPING! MY PLAN IS THIS—I AM GOING TO WRITE A FEATURE SCENARIO FOR THE MOVIES, REplete WITH THRILLS, ADVENTURE AND ROMANCE! BY JOVE, DO YOU NOT THINK IT A CORKING GOOD IDEA?

HOW LONG IS IT NOW SINCE YOU MADE THAT GRAPE WINE, OVER TWO MONTHS ISN'T IT? HMM—YES—I CAN TELL BY YOUR TALK THAT YOU HAVE SAMPLED IT!

SEE!—WHAT DID I TELL YOU? TH' OL' BOY HAS ANOTHER ONE OF THOSE STEEDLE-JACK IDEAS, AN' IS CLIMBING UP TH' POLE TO GILD IT!

HA HA—WHY HE COULDN'T WRITE A SCENARIO WITH ANYMORE THOUGHT IN IT THAN TH' HEAD OF RODIN'S THINKER

THE MAJOR IS GOING TO WRITE A SCENARIO—

### Look Below the Surface

IN no better manner can you determine Sonora superiority than by a below-the-surface inspection. Inside the cabinet appears concrete evidence of the high grade materials, substantial construction and artistic, painstaking workmanship which raises Sonora far above the ordinary.

See the many features which make Sonora tone the finest—refinements such as the all-wood horn and drawn brass and wood tone arms. View the thick cabinet walls, well-built, heavily plated motors and thorough interior finish. Let us prove Sonora superiority. Come in anytime.

## AUSTRALIA SHOWS PERFECT MANHOOD

Brisbane — Archbishop Duhig, in a public address delivered on his return from Queensland, after visiting America, said that as a result of very careful observation on his part, and on the part of men whose opinion he valued very highly, he could emphatically declare that Australia was really developing physically and intellectually a race of giants.

To those who only saw life in Australian cities, said the Archbishop, the truth of this statement might not be apparent, but it soon became intelligible to those who visited the country districts and saw the youths and maidens outclassing their par-

ents physically and intellectually, growing big and brainy on the broad acres which were their native habitat, breathing the free, fresh air of an atmosphere so pure that one actually revelled in it. That was the raw material offered to Australia from which to build up a great nation.

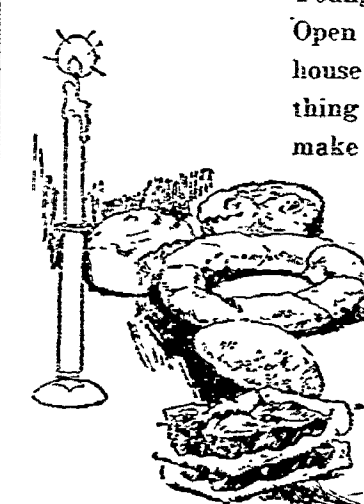

## FINDS PRE-GLACIAL RELIC AT MANITOBA

Winnipeg — A fossilized oyster, believed by scientists to be a relic of the pre-glacial ages, has been unearthed by A. G. Shearer, plowing the top of a hill at Pope, Manitoba.

Dr. R. C. Wallace, professor of geology at the University at Manitoba, stated that, in all probability, Shearer struck a rock, carried by the ice of the glacial age and belonging to a period millions of years earlier than the ice age, as there is now neither river nor lake near Pope.

### YOST WANTS 20,000 SEATS FOR OHIO GAME

Columbus, O.—Yost, who is in charge of the Ohio football team, has announced that he wants 20,000 seats for the game between the Ohio team and the University of Michigan team, which will be played at the University of Michigan stadium on December 19, 1923.

# KAUKAUNA STARS MEET APPLETON CUEISTS FOR \$50

## Electric City Team Challenges Local Pa'r To Pocket Billiard Match

Kaukauna pocket billiard fans last week issued a challenge for a 100-point match to an Appleton team representing the Recreation hall. The managers of that place of amusement immediately accepted, although they had not picked a team at the time. They had a date, however. A purse of \$50 was made up to offer greater inducement for good play, and after several tryouts, E. Drexler and O. Ehrlie, local boys, were chosen to oppose Drexler and Zwick of the Kaukauna challenge. Final arrangements as to the date and hour recently arrived at, call for the contest at 8 o'clock Friday evening, to be played at Recreation hall.

Drexler and Ehrlie have played in previous city tournaments, where they made creditable showings and expect little trouble coping the "lure" Friday night. Not much is known of Zwick here, but Drexler is said to be an expert. He is reported to have plenty of parts to attempt any shot and sufficient skill to make his attempts at extremely hopeless into dangerous. Admission to the parlors will be without charge and anyone who wishes to attend will be welcome.

# Proves Dundee Best Fighter Of Mit History

## Who is the greatest fighter in the world?

Jack Dempsey? No. Johnny Dundee! Aw, quit your kidding. Well, just listen. Dundee whipped Joe Shugrue, Joe Shugrue stomped Benny Leonard, Benny Leonard whipped Ted Lewis, Ted Lewis whipped Soldier Barfield.

## GREEN BAY LUTHERAN PIN TEAMS BEAT LOCAL CLUBS

Two bowling teams of the Grace Lutheran church of Green Bay Thursday evening defeated clubs of the English Lutheran Brotherhood at the Eagle plays here by a total of 541 pins.

W. Wetzel of the Appleton first team was high man with a 593 total. Our last two out of three games in Green Bay center who has rolled high scores in several national tournaments. Wetzel's total exceeded Tracy's by 25 pins.

The second team of Green Bay also won all three games. Scores are as follows:

Green Bay Firsts	Won 3. Lost 0
Speers, Sander	147 141 157 445
Knapp	205 150 173 528
Idon	177 211 144 532

# Hockey Star

Miss Ann Townsend of Merion, Pa., will captain the team of girl field hockey players who will shortly sail for England. Miss Townsend is a star at field hockey, which is gaining popularity among the women. She is extensively played at all the girls' schools and colleges. The American team is the best of the players and is confident of returning with international honors.

# COLLEGE CAGERS KEEP ON WORKING DURING HOLIDAYS

## Denney Puts Blue Quints Thru Drills Twice Daily To Wear Off Corners

Lawrence college has closed its academic doors for the Christmas holidays, but there will be no success from toll for Coach A. C. Denney and his basketball candidates for a week or ten days more. Denney faces the prospect of losing four of his best players through ineligibility, and to prepare for that loss is drilling his entire squad twice a day. The morning period is spent in workouts at the gym, where all the home games on the Lawrence schedule will be played. In the evening while the armory is in use by skaters, Denney puts his men through their daily doze in Alexander gymnasium.

The 15 men remaining on the squad have shown great improvement since the interclass tournament. Lack of team work, which seemed to be the chief fault in those games, has been remedied to a great extent, and the awkwardness in handling themselves and the ball displayed by the candidates earlier in the season has worn off almost completely. By the time the season opens early next month Denney expects to have his aggregation in trim.

# FOX RIVER VALLEY HOCKEY MAGNATES TO COMPLETE LOOP

## Representatives Of City Clubs Meet To Draw Up Final Regulations

Hockey fans of the Fox River Valley met Friday night at the Galpin hardware store to discuss final measures for the completion of the Valley league. Representatives from Neenah, Green Bay, Fond du Lac, Kaukauna, Oshkosh, Menasha and Appleton are expected to attend, as well as any one else who may be interested in winter sports.

Menasha, Oshkosh, Fond du Lac and Appleton already have entered teams in the league, and Kaukauna, Neenah, and Green Bay are making a strong effort to secure sufficient backing to enable their clubs to enter. Walter Bell, manager of the local outfit, secured the support of the Galpin and Schaefer hardware companies who are supplying skis and other material. He has collected an aggregation of expert skaters for his team, who have had some experience at sliding the puck with the crooked stick, but this will be the first time in years that Appleton will have a team in the Valley league right from the start of the season. Last year Bell entered his club in a similar league, but so late in the year that he played his men in only one or two games, and had no chance to show what they could do.

# LAWRENCE SPORT CHIEFS ATTEND GRID CONCLAVES

## Denney And Farley Journey To Meetings To Arrange 1924 Schedule

A. C. Denney, athletic director, and Professor J. H. Farley, chairman of the Lawrence Athletic board left Friday for Milwaukee to attend the meeting of Little Five athletic officials, at which the 1924 football schedule for the conference will be arranged. On Saturday they will attend a similar conclave of Midwest conference officials to arrange the Little Eight schedule. Basketball officials probably will also be appointed for conference games at these meetings.

# MARQUETTE AMONG LEADING GRIDDERS

The figures given in the December issue are based on records up to and including games played on Nov. 17. The complete ranking for the year will be published in January.

# STRANGLER HUMBLER YOUTHFUL GRAPPLER

## St. Louis—Ed Louis, the strangler, world's heavyweight champion, suc- cessfully defended his title here Thursday night in a finish match with Josef Gurkewitz, a youthful Pole, win- ning two straight falls. Lewis took the first fall with a headlock in 21 minutes and 29 seconds, and the sec- ond with an identical hold in 8 min- utes and 42 seconds.

# SO. AMERICAN THREAT MEETS SHUGRUE FRIDAY

## New York—Luis Vincenti, latest pugilistic sensation sent forth by South America, will meet his biggest test so far when he battles Johnny Shugrue of Waterbury, Conn., in a 12- round bout Friday night at Madison Square garden.

# Tom Sharkey? No, Choyinski Is His Handle

Los Angeles—Tom Sharkey, famous  
heavyweight of days gone by, opened  
a health school in New York after the  
old fighting snark had died. Natural  
boxing was featured, and many  
youngsters, lured by ambition and  
Sharkey's fame, came for instruction.

In those days the custom of adopt-  
ing high sounding fighting names  
was more in evidence than now.  
Hence Young Corbotts, Young Jeffs,  
Young John L's and Young McGov-  
erns abounded in endless numbers.

One day a Young Sharkey bobbed  
up. Apparently he was the first to  
name himself after the old gladiator.  
Old Tom was obviously pleased, and  
instructed his assistants to send the  
new Sharkey to him. "I'll take him  
and develop him myself," he prom-  
ised.

Two days later Young Sharkey blew  
in for another workout. He was an  
East Side youth of decided Hebrew  
features, and his sharp nasal twang  
left no doubt as to his racial origin.  
He was sent to see old Tom. It was a  
big moment in the kid's life, this  
meeting his Irish "pal" face to face.

"So you are Mr. Sharkey?" beamed  
the boy.

Sharkey took one quick glance at  
his namesake.

"You are mistaken. Mr. Sharkey is  
out. I am Joe Choyinski."

Bigger Girth  
Is No Bar To  
Good Figure

Don't Worry About Waistline If  
You Feel Young And Healthy,  
Says Sculptress

New York — Natural womanhood, physically, is coming back. For proof there are the figures compiled by the department of physical education at Vassar College. They show that, in the last 35 years, girls entering college have shown a trend toward the perfect figure so finely exemplified by the Venus de Milo. Their average weight has increased from 123.8 pounds to 125.3 pounds, but the corrected, confined 22-inch waistline, in the last 10 years, has developed into the free, mobile 25-inch girth of today.

These facts are substantiated by the opinion of Bessie Potter Vonnob, noted sculptress of beautiful womanhood.

"This larger 1923 edition of femininity is a decided improvement on her predecessor," Mrs. Vonnob says. "The increase doesn't mean she is becoming coarser or less feminine. She is just reverting to her natural figure, and you can't improve on nature's plan."

"The modern girl is of the proportion of her mother and grandmother would have been had they lived as healthfully as girls do today."

The increase in size has produced no dearth of beautiful models, explains Mrs. Vonnob. Nor is it necessary any longer to rely entirely upon young girls for sculptural inspiration.

"Some women of 30 and 40 have as lithe figures as they had at 20, just because they dress more sensibly," she believes.

"But a woman must also exercise proper self-control. Keep out of the arm chair and be alert mentally. If she wants to retain at 40 or 50 what nature bestowed upon her at 16."

Mrs. Vonnob finds her greatest joy in shaping figures of dancing girls. "But I could not bring these figures from the clay if I did not myself know the joy of rhythm and the poetry of motion."

"I believe this is the same with all women. They can't put youth into their work, or into their lives, unless they actually feel young. They can feel young only by keeping alive their faith, inspiration, hope, their confidence in others and in their work."

"The minute they become cynical or lose faith they lose youth. Age is the only alternative."

How Flappers  
Attain Beauty

Never fail to have a perfectly cleansed skin before you go to bed. And take some kind of a bath every single day of your blessed young life—sponge or tub, or hot, or cold. If not, don't lie in it idly for more than two minutes splash around and begin to scrub just as you do in an awfully cold one. The heatiest bath is to get into a tub a bit warmer than lukewarm and then, while you're scrubbing, let the hot water run in until it's quite hot, then pop up and take a shower, or if you haven't that, dash cold water on chest and back and arms, and, of course, on the face. If you have a shiny nose or forehead or both and the rest of your skin is all right, it means usually that you are not properly eliminating waste. Drink more water and eat a big dish of prepared bran every morning for breakfast; you'll begin to like it after a while. And eat fruit. And less sweets.

Or it may be only that your skin is naturally oily and it shows more there. In that case use the bran bags in the morning, always rinsing in cold water, and wash with a pure soap and water at night. From the Deaneator.

Child Tragedies  
And Their Cause

Ambrose Higgins, Jr., was a proud little boy. Although he was only five years old, his ma took him to Washington when President Harding died, and little Ambrose put some flowers on the coffin.

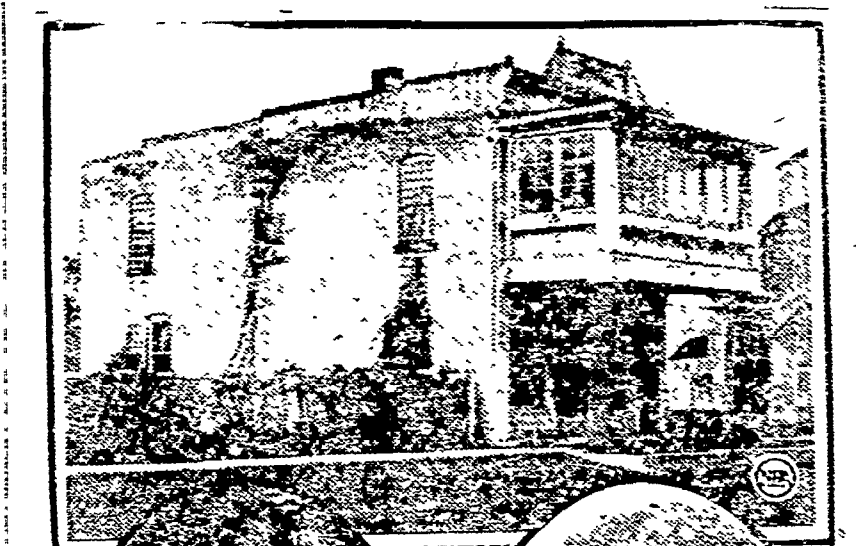

All the boys and girls near his home in New York envied him. But now they don't envy him any more. For Ambrose failed to heed his mother when she told him always to be careful when he crossed the street.

He tried to run across one afternoon without looking.

A big heavy truck was coming down the street at the same time. The driver couldn't stop the machine in time. The little boy was crushed.

When you start crossing a street, remember Ambrose.

Look before YOU step off the curb.

Women Remove Debt  
From Newspaper

HOME OF THE FINDLAY ENTERPRISE AND BELOW, LEFT TO RIGHT, MRS. T. M. WORLEY AND HER DAUGHTER, BONNIE.

Findlay—Let a newspaper with an office and plant are on the ground. Two women—a mother and her daughter—have converted their legacy into a successful, profitable enterprise.

The women are Mrs. T. M. Worley and her daughter, Bonnie. The newspaper is named, appropriately, the Findlay Enterprise.

Not only have the women editors paid off all debts incurred under the control of the late T. M. Worley, but they have even been able to erect a building for the publication. The

ings hitherto have been exceedingly expensive and difficult.

"Third, because hundreds of men desert their families every year and marry again in the United States or in Europe without the formality of divorce and without fear of prosecution."

"Fourth, because adultery is not a crime in Canada and either party to the marriage contract can leave the other and live with anyone else without incurring any penalty under the criminal code."

"There are a lot of other reasons as well," says Mrs. Murphy with a characteristic smile, "but these will do for a start."

Judge Murphy, who in private life is Mrs. Arthur Murphy, presides over the children's court at Edmonton. She is known to thousands of readers for her little stories of Canadian life and has contributed serious essays and fiction to many magazines and other publications.

"Canada has fewer divorces than the United States for several reasons," says Judge Murphy.

"First, because one third of the people of Canada, and perhaps a greater percentage of our population, belong to churches that regard marriage as a sacrament and refuse to recognize divorce."

"Second, because divorce proceedings

are more costly and more complicated in Canada than in the United States."

She Rests Her  
Nerves When  
In Airplane

Ransom, Kas. — When you get tired and nervous and are just on edge of "going up in the air"—

Do it!  
Go right up. Take a flight, and relieve your shattered nerves of the strain.

But—here's the point—use an airplane to go up, instead of merely releasing that pent-up nervousness within you.

Little Mrs. Bertha Horchem, daring aviatrix, says so. She gives this advice to other women, because she herself has found it extremely beneficial.

Pretty, petite, younger in appearance than she says she is, this little daredevil of a woman is considered one of the best flyers of her sex in the country, if not in the world.

She was the only aviatrix who competed in the recent air meet at St. Louis. She holds the world's altitude record for women and is one of the only two women in the United States boasting an International License.

That, for a little woman, just 100 pounds in weight.

But all the high-strung nerves in this little body of hers cannot upset her equanimity. For every time she feels them twitching and annoying her, up she goes for a flight. After doing a few stunts in the air, she comes down a new woman.

So she advises other women to do likewise.

Mrs. Horchem thought she would never make good at aviation. But after only one four-hour lesson from her husband she took the machine out alone and gave him the surprise of his life.

Now Mrs. Horchem is performing daily for an aerial circus which both she and her husband own. He used

to be the dare-devil pilot. Now she's the pilot and he does stunts on the wings of the plane.

## OF PLEATED RIBBON

Few bags are more interesting than this one of pleated ribbon, that is tailored enough for street and yet elaborate enough for more formal use. It requires 20 yards of three-quarter inch ribbon pleated on to a buckram foundation in circles. Three-fourths of a yard of 2 1/4-inch ribbon is needed to join the sides, and one-half of six-inch satin ribbon is needed for the lining. A flat rose motif is used in the center.

Grandma Quits Knitting  
And Runs Machine Shop

New York — And now that we've said good-bye to mother on her way downtown to the office let's go over in the corner and sit by grandmother while she knits.

My word: Grandma isn't knitting. As a matter of fact, grandmother isn't in the corner at all. She's put on her flexible arch shoes and her little 'cloche hat with the natty quill and gone off to have a career of her own.

"And she has a perfect right to it," says Mrs. Minna Denness, grandmother herself. "Grandma has learned to do all sorts of useful things in the home. There isn't a reason why she shouldn't carry them into the outside world and make a career of them."

By which Mrs. Denness means machinery, for machinery is Mrs. Denness' specialty. It was even back in the old days when she had only her husband and little daughter, to think about.

Did the lawn mower break down or the faucet need a new washer or the kitchen stove shows signs of blowing up? Mrs. Denness fixed it. One day she found herself alone—her husband dead, her daughter married. Mrs. Denness didn't want to sit in the corner and knit.

Then she remembered that a hand she'd been at fixing the lawn mower in the old days.

"I went over to a nearby machine shop, put on a pair of blue overalls and watched the men at work," she says. "Then I started doing things myself."

Now she sells machinery, is secretary and treasurer of her own company and is said to have a better knowledge of stationary machinery than any man going. Some of her achievements will go on record when the New York League of Business

and Professional Women holds its second annual Women's Activities. Sept. 24-25.

"I just amplified on the thing I did best when I was keeping house," she says. "Grandmothers aren't on to themselves. It's no harder to put a motor together than to stir up a pudding for dinner."

FASHION HINTS

PRINTED PIECES  
Printed kerchiefs and flowered scarfs, just different enough from the Deauville scarf to be of this season.

ON JERSEY CLOTH  
Frocks of fine French jersey cloth are frequently decorated with cross-stitch embroidery in a rich sample color and cuffs of white pique.

Every Minute Counts in the fight against constipation!

Once let constipation get a grip on you, and your system is wide open to 90% of human ailments. Statistics show that to be the proportion of illness that has constipation for a starting point. Pills and cathartics are as dangerous to the system as constipation!

Your physician will recommend Kellogg's Bran, because it is nature's own relief from constipation. It is scientifically prepared to relieve suffering humanity from constipation and it will do what no other food can do! It will give every sufferer permanent relief if it is eaten regularly—at least two tablespoonfuls daily; as much with each meal in chronic cases!

Kellogg's Bran is wonderful in its natural, positive action. It sweeps and cleanses and purifies the bowel tract; it scours out the dangerous toxic poisons; it puts you back on a healthy basis without irritation or discomfort!

Don't delay eating Kellogg's Bran each day in some form! Try it as a cereal sprinkled over your favorite hot or cold cereal or cook it with hot cereals. In the latter case, add two tablespoonfuls for each person and mix with the regular cereal and cook as usual.

Kellogg's Bran is simply delicious made into muffins, popovers, raisin bread, macaroons, pancakes, etc. Recipes are on every package! For health's sake get some Kellogg's Bran immediately. All grocers.

First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant.

Less Divorce In Canada Than U.S.  
But That Doesn't Mean Morals Are  
Better, Says First Woman Judge

Edmonton, Alta. — Three times as many divorces in the United States as there are in Canada, say the official statistics published at Washington.

This means a lower code of morals in the republic than in the dominion, say the feminist upholders of Montreal, Toronto and Winnipeg.

"Nothing like the sort," says Judge Emily Murphy, the first woman magistrate in the British Empire, an author of repute and a leader in women's movements in western Canada.

"Canada has fewer divorces than the United States for several reasons," says Judge Murphy.

"First, because one third of the people of Canada, and perhaps a greater percentage of our population, belong to churches that regard marriage as a sacrament and refuse to recognize divorce."

"Second, because divorce proceedings

are more costly and more complicated in Canada than in the United States."

"Third, because hundreds of men desert their families every year and marry again in the United States or in Europe without the formality of divorce and without fear of prosecution."

"Fourth, because adultery is not a crime in Canada and either party to the marriage contract can leave the other and live with anyone else without incurring any penalty under the criminal code."

"There are a lot of other reasons as well," says Mrs. Murphy with a characteristic smile, "but these will do for a start."

Judge Murphy, who in private life is Mrs. Arthur Murphy, presides over the children's court at Edmonton. She is known to thousands of readers for her little stories of Canadian life and has contributed serious essays and fiction to many magazines and other publications.

## Appleton Bargain Store

1010 College Avenue L. BLINDER, Prop. APPLETON

Get Acquainted With The New Store Hours During The Week Before Christmas. Shop During The Day.

At the last session of the legislature there was a law passed shortening the hours of women employes from 55 hours a week to fifty and not over nine hours any one day.

This very materially affects stores employing many girls. It practically eliminates the old time custom of staying open evenings before Christmas, without working double shifts. To do this would mean during a part of the day the force working on the floor would be new and not acquainted with the stock, which would tend to deprive our customers of the service we are trying so hard to maintain. After a careful consideration we decided it would be best for all concerned if we would close at six, instead of five thirty. This would give an extra half hour each day and keep our most efficient force on the floor when our customers were there for their service. We are doing our best at all times to give our customers the very best service possible and at the same time obey and respect the laws of our land.

Our store is not the only one that has adopted the above schedule so it will be well for you to get acquainted with them in order to save disappointment at the last moment.
